Sonoma State Hospital

This hospital for the mentally retarded shows a rated bed capacity of 2,814 on June 30, 1956. The completion of the receiving hospital during the 1956-57 Fiscal Year will provide 99 additional beds. The completion of the funded 6 new ward buildings during the 1958-59 Fiscal Year will provide for 700 additional beds, bringing total capacity to 3,613. While no further bed capacity is submitted in the budget year, 3 other projects are proposed. These projects are: equipment for administration building, install new boiler, and construct school addition. Minor construction projects totaling $113,755 are included in order to correct deficiencies and improve the hospital's physical plant.

MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT

PROPOSED 1957-58 EXPENDITURES *

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
Equipment for administration building	–	–	$19,000
Budget Act of 1957 Proposal			
To provide the necessary additional equipment needed for the new administration building which was funded in the 1956-57 Fiscal Year.			
Install new boiler	–	–	109,850
Budget Act of 1957 Proposal			
Project provides for replacement of an existing boiler of 7,700 pounds per hour capacity installed in the year 1924 with a boiler having a capacity of 35,000 pounds per hour. The additional capacity is required to meet the demands for steam caused by construction of new buildings.			
Construct school addition	–	–	961,100
Budget Act of 1957 Proposal			
Project provides for a 2-story reinforced concrete building which will contain 14 new classrooms. It is anticipated that approximately 900 patients or 450 full-time equivalent pupils would be accommodated by the expanded school facilities. The necessary mechanical, electrical, and grounds development work is included.			
Equip receiving hospital	–	–	50,000
Equip 6 ward buildings	–	–	131,000
Budget Act of 1953, Item 366			
To equip facilities constructed with funds provided in the Budget Act of 1953.

MILITARY DEPARTMENT

CAPITAL OUTLAY EXPENDITURES

	Actual 1955-56	Estimated 1956-57	Proposed 1957-58

GENERAL ANALYSIS

The capital outlay program of the Military Department comprises the construction of armories, warehouses, rifle ranges, and other facilities essential to the organization, training, and morale of the California National Guard and the California Air National Guard. The long-range construction program would provide armories and other facilities to house and train all units.

Since the 1951-52 Fiscal Year the Federal Government, under Public Law 783, Eighty-first Congress, has participated in the construction of armories on a cost sharing basis. Federal funds have been made available on the basis of up to 75 percent of qualifying phases of the construction. Such qualifying phases usually exclude such items as landscaping, fencing, roads, parking areas, walks, and utility connections.

In addition to federal participation in the construction of armories, certain facilities such as: motor vehicle storage buildings, warehouses, airplane hangars, and shop buildings, primarily for the care and maintenance of federal equipment issued for state use, are financed entirely from federal funds except for the cost of planning and supervision of construction which is provided by the State.

The capital outlay program proposed for the 1957-58 Fiscal Year provides for the construction of 4 additional armories and major alterations of a 5th. Also proposed is the construction of food service facilities for Air National Guard bases located at Fresno, Hayward, and Van Nuys. Funds are also included for plans and supervision of construction of facilities to be financed from federal funds.

In addition it is proposed to extend the availability of presently authorized funds so that additional armories can be constructed and equipped.

REAL PROPERTY ACQUISITION

ESTIMATED 1955-56 AND 1956-57 EXPENDITURES*

	Source of funds 1955-56	Source of funds 1956-57	Actual 1955-56	Estimated 1956-57	Proposed 1957-58
Site for warehouse—Sacramento			–	$5,500	–
Budget Act of 1955, Item 373		*$5,500*			
Site for vehicle storage—Sacramento			–	7,500	–
Budget Act of 1956, Item 392		*7,500*			
TOTAL EXPENDITURE (Real Property) *(Capital Outlay and Savings Fund)*			–	$13,000	–

MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT

PROPOSED 1957-58 EXPENDITURES*

	Funds	Actual 1955-56	Estimated 1956-57	Proposed 1957-58
Preparation of plans and supervision of construction of projects financed by the federal government		–	–	$100,000
Budget Act of 1957 Proposal				
To provide funds for architectural and engineering services involved in the design and construction of facilities, the construction of which is financed from federal funds.				
Alterations and rehabilitations of armory—Sacramento		–	–	133,370
State Funds:				
Budget Act of 1957 Proposal	*$58,602*			
Federal Funds	*74,768*			
Project consists of enlargement of supply rooms, construction of arms vaults in supply rooms, removal and replacement of partitions to provide administrative space, staircase from assembly hall to basement, additional locker rooms, paint where required, pave, and fence parking area and install new lights with lowering devices in the assembly hall.				
Construct and equip armory—Santa Monica		–	–	472,100
State Funds:				
Budget Act of 1957 Proposal	*206,570*			
Federal Funds	*265,530*			
Project consists of a type "H" modified armory to be constructed. This armory is required to house units of the 143rd FA Bn, which are presently housed in an unsatisfactory rented facility.				
Construct and equip armory—Turlock		–	–	173,800
State Funds:				
Budget Act of 1957 Proposal	*81,739*			
Federal Funds	*92,061*			
Project consists of a type "A" armory to be constructed. Armory is required to house Company A, 185th Infantry. At present this unit is housed in facilities on the Turlock fairgrounds. The facilities were not designed to meet the criteria for a National Guard Company. It is not economical to attempt to alter the present facilities to make them usable.

CAPITAL OUTLAY EXPENDITURES		ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT—Continued				
PROPOSED 1957-58 EXPENDITURES *—Continued				
Construct and equip armory—Oakland		–	–	$337,400
State Funds:				
Budget Act of 1957 Proposal	*$148,254*			
Federal Funds	*189,146*			
Project consists of a type "H" modified armory which will be constructed. This armory will house the 719th AAA Bn, which is presently housed in a warehouse at the Alameda National Guard Center. The State has no assurance as to its tenure due to the armed services requirements for the use of this facility. Further, the construction of the new Oakland-Alameda Tube will further decrease the usability of this installation.				
Construct and equip armory—Stockton		–	–	289,400
State Funds:				
Budget Act of 1957 Proposal	*144,630*			
Federal Funds	*144,770*			
Project consists of a type "E" 3-unit armory to be constructed. This armory is required to house units of the 164th FA Bn, which are presently being housed in warehouse facilities at Stockton Municipal Airport. Facilities are inadequate and do not provide required facility for storage and training. Buildings are government owned and no assurance can be made of tenure.				
Construct and equip food service facilities:				
Van Nuys			-	117,300
Hayward		–	-	117,000
Fresno		–	–	108,800
State Funds:				
Budget Act of 1957 Proposal				
Project consists of constructing and equipping kitchen and dining facilities for the California Air National Guard. Present feeding arrangements are not satisfactory, sanitation must be improved. The Federal Government is to provide all kitchen equipment except sculleries and built-in shelves, etc.				
Construct and equip armory—Baldwin Park		–	–	170,600
State Funds:				
Budget Act of 1956, Item 394.1	*75,600*			
Federal funds	*95,000*			
Construct and equip armory—Centerville		–		220,875
State Funds:				
Budget Act of 1956, Item 394.1	*88,875*			
Federal funds	*132,000*			
Construct and equip armory—Anaheim		–	–	224,480
State Funds:				
Budget Act of 1956, Section 6.2	*102,650*			
Federal funds	*121,830*			
Construct and equip armory—Oakland		–	–	878,186
State Funds:				
Budget Act of 1956, Section 6.2	*332,186*			
Federal funds	*546,000*			
Construct and equip armory—Fairfax		–	–	128,373
State Funds:				
Budget Act of 1956, Section 6.2	*31,373*			
Federal funds	*97,000*

DEPARTMENT OF MOTOR VEHICLES

REAL PROPERTY ACQUISITION

PROPOSED 1957-58 EXPENDITURES*

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
Purchase of site for addition to Sacramento headquarters office building	–	–	$275,000
Motor Vehicle Fund:			
Budget Act of 1957 Proposal			
For purchase of a site for construction of additional facilities at the Sacramento headquarters office building. The present facility is not adequate due to work load increasing at a faster rate than was anticipated when the present structure was constructed.			
Purchase of site for Hollywood office building	–	–	200,000
Motor Vehicle Fund:			
Budget Act of 1957 Proposal			
The present leased facility has no off-street parking. Traffic conditions are hazardous for driving tests. On-street parking is so restricted that it is unavailable for clients.			
Purchase of site for Fresno office building	–	–	100,000
Motor Vehicle Fund:			
Budget Act of 1957 Proposal			
For the purchase of a site in order to relocate existing office. Current location has proven inadequate as to office space requirements and parking facilities.			
Purchase of site for Red Bluff office building	–	–	8,000
Motor Vehicle Fund:			
Budget Act of 1957 Proposal			
A rapidly increasing work load has rendered the existing facilities incapable of handling the volume of business occurring in the area.			
Purchase of site for Long Beach office building	–	–	200,000
Motor Vehicle Fund:			
Budget Act of 1957 Proposal			
For the purchase of a site in order to relocate existing office. The present facility is state-owned and is not adequate due to the fact that it is incorrectly located to provide proper service to the population concerned and no off-street parking facilities are available. The existing facility will be sold.			
Purchase of site for El Centro office building	–	–	40,000
Motor Vehicle Fund:			
Budget Act of 1957 Proposal			
For the purchase of a site to relocate existing office. Occupancy of the present location cannot be assured. The steady growth of business in the area necessitates a site for the construction of a building with adequate space for expansion of both office and parking facilities.

DEPARTMENT OF FISH AND GAME

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58

GENERAL ANALYSIS

The capital outlay program proposed for the Department of Fish and Game for the 1957-58 Fiscal Year provides for the replacement of the twin-engined aircraft used in fish planting operations, patrol, photography, and marine fisheries research. In addition there are funds provided for augmentation of a project approved inthe Budget Act of 1956.

Minor construction projects provide for improvement and repairs to hatcheries, game farms, game and waterfowl management areas, fish screens, and fish planting bases.

MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT

PROPOSED 1957-58 EXPENDITURES*

	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
Twin-engined airplane for staff operations	–	–	$128,000
Fish and Game Preservation Fund:			
Budget Act of 1957 Proposal			
Provides for replacement of twin-engined aircraft used in fish planting operations, patrol, photography, and marine fisheries research. Existing aircraft being replaced is a war surplus aircraft that has logged approximately 5,000 flying hours since being acquired by the department in 1948.			
Motor vessel for marine wildlife protection	–	–	40,000
Fish and Game Preservation Fund:			
Budget Act of 1957 Proposal			
To make funds available for augmentation of a project authorized by Item 398, Budget Act of 1956. Augmentation proposed is based on independent marine architect estimate.			

ESTIMATED 1955-56 AND 1956-57 EXPENDITURES*

Wildlife Conservation Board

GENERAL ANALYSIS

Continuation of the acquisition, construction, and improvements of wildlife conservation projects is planned. The $9,000,000 appropriated by Chapter 1327, Statutes of 1947, and the $3,000,000 in revenue provided by Chapter 1401, Statutes of 1951, has been allocated to projects by the Wildlife Conservation Board. Additional revenue of $750,000 each fiscal year was provided by Chapter 1313, Statutes of 1955. The budget reflects the actual and estimated expenditure of funds previously allocated to specific projects by the Wildlife Conservation Board, and estimated expenditures from revenue provided by Chapter 1313, Statutes of 1955.

REAL PROPERTY ACQUISITION AND CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT

(All projects financed by a continuing appropriation from the Wildlife Restoration Fund under the provisions of Section 19627, Business and Professions Code.)

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
Fish hatchery and stocking projects	$203,905	$164,463	–
For construction and equipping of facilities for fish hatching and stocking.			
Warm water and other fish projects	147,831	430,254	$705,950
For the acquisition and development of additional warm water fish lakes in various parts of the State.			
Flow maintenance and stream improvement projects	76,513	100,000	138,302
For the construction of small dams to provide stream flow during summer months. This will improve the fishing on many miles of streams.			
Fish screen and ladder projects	42,000	53,200	45,000
To prevent loss of fish through water diversions and to permit passage of fish over stream obstructions.			
Waterfowl projects	519,842	516,998	585,669
For the acquisition and development of waterfowl management areas to provide for duck depredation control and public hunting.			
General projects	1,158	241,089	400,000
To provide roads, trails, and parking areas to assist in access to ocean beaches and fishing areas.			
Special projects	1,326	5,000	5,000
For projects evaluation, land acquisition, and engineering studies of potential projects by the Wildlife Conservation Board staff.			
TOTAL EXPENDITURES, CAPITAL OUTLAY *(Wildlife Restoration Fund)*	$992,575	$1,511,004	$1,879,921

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58

Division of Beaches and Parks

GENERAL ANALYSIS

The objectives of the capital outlay program of the Division of Beaches and Parks are to acquire and develop the best available recreational areas throughout the State to meet the needs of the people of California for outdoor recreation; to acquire and preserve outstanding and representative examples of natural scenic values; and to acquire and preserve significant historical sites and structures for the education and enjoyment of both the present and future citizens of the State.

The acquisition program as proposed in this budget continues the program established by the Budget Act of 1956 and is comprised of areas selected on the basis of the need for additional outdoor recreational areas and those areas which should be included in the State Park System by virtue of outstanding scenic beauty or unique physical characteristics.

Although all the areas included in the five-year plan are incorporated in this budget, the time-consuming task of consummating an acquisition program of this magnitude may reasonably be expected to extend over a period of several years. The sequence of acquisition is to be determined by the Park Commission. Programs are subject to review by the State Public Works Board.

The major construction program proposed is directed primarily toward the expansion of facilities at existing parks and beaches so that the benefits from these expenditures may be realized as quickly as practicable. There are, however, several instances of initial development of state parks and beaches to provide recreational areas in regions of the State now seriously deficient in such facilities or to provide relief from overcrowded conditions at existing state parks.

The minor construction projects proposed are for the most part required to correct deficiencies in the facilities of various units of the State Park System to provide facilities for improved utilization of existing parks and beaches and to repair or replace deteriorated facilities.

In addition to the above, the budget anticipates continuation of collateral programs such as riders' and hikers' trails; roadside rests; historic ships acquisition; the acquisition, development, and improvement of a state park in San Francisco; and the Redwood Highway relocation. No new appropriations are proposed for the foregoing.

REAL PROPERTY ACQUISITION

PROPOSED 1957-58 EXPENDITURES AND ESTIMATED 1955-56 AND 1956-57 EXPENDITURES*

	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
Acquisition of real property for the State Park System as provided in the Budget Act of 1956	—	$5,577,600	$6,438,170

	Source of funds	
	1956-57	*1957-58*
State Beach Fund:		
Budget Act of 1956, Item 400.1	*$1,767,000*	*$3,213,400*
State Park Fund:		
Budget Act of 1956, Item 400	*3,810,600*	*3,224,770*

The acquisition program for 1957-58 proposed in this budget is a continuation of a program initiated in the Budget Act of 1956. This program which is restated below is a 5-year program. The sequence of acquisition is determined by the State Park Commission. All acquisition programs are subject to the review of the State Public Works Board.

A detailed alphabetical listing of the 5-year program follows:

State Beach Fund

	Amount appropriated (Budget Act of 1956)
New State Beach Park Areas:	
Benicia Beach	$275,000
Bolsa Chica Beach	1,000,000
Del Monte Beach	250,000
Ellwood Beach	120,000
Francis—Dunes Beach	450,000
Hueneme Beach	461,000
Imperial Beach	650,000
Lime Kiln Creek Beach	100,000
Little Sur River	150,000
Mendocino City Beach	75,000
Miramontes Beach	75,000
Montara Beach	125,000
Oso Flaco Lake Beach	200,000
Palos Verdes Beach Access Ways	100,000
Pebble Beach	55,275
Pescadero Beach	75,000
Point Dume	800,000
Pomponio Beach	75,000
Royal Palms Beach	500,000
Salinas River Beach	100,000
Steele Beach	50,000
Surfriders Beach	175,000

MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT

PROPOSED 1957-58 EXPENDITURES *

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
State Beaches:			
San Buenaventura Beach State Park:			
Roads and parking		–	$100,000
Picnic units (100)	–	–	18,000
Power lines	–	–	7,000
Water lines		–	15,000
Area restoration	–	–	12,000
Landscaping	–	–	18,000
State Beach Fund:			
Budget Act of 1957 Proposal			

This park is as yet not developed to accommodate the present large attendance. Continued development, as proposed, will provide basic improvements in proper order, and it will permit the accommodation of larger attendance when the coast highway is relocated to a point adjacent to the beach.

---

Division of Beaches and Parks—Continued			
MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT—Continued			
PROPOSED 1957-58 EXPENDITURES *—Continued			
State Beaches—Continued			
Silver Strand Beach State Park:			
Roads, parking and road rip-rap	–	–	$66,125
Water	–	–	4,800
Power	–	–	9,600
Telephone	–	–	7,800
Landscaping	–	–	5,000
State Beach Fund:			
Budget Act of 1957 Proposal			
To provide additional parking area and protection for park entrance. This park now has direct service from a 4-lane divided highway with an interchange at the park entrance. There is a no parking restriction on the highway.			
Huntington Beach State Park:			
Entrance road improvement	–	–	30,000
State Beach Fund:			
Budget Act of 1957 Proposal			
To provide for diffusion of traffic when leaving the park and entering or crossing Highway 101. Present exit condition creates hazards and delay.			
Preliminary engineering and planning	–	–	10,000
State Beach Fund:			
Budget Act of 1957 Proposal			
Funds are proposed to permit contracting for preliminary engineering and planning work in connection with the development of new and existing beach facilities.			
State Parks:			
Standish and Hickey State Park:			
Camp units (100)	–	–	10,000
Combination buildings (2)	–	–	26,000
Comfort station	–	–	9,000
Electrical distribution system	–	–	7,500
Water supply	–	–	14,000
Summer help quarters	–	–	9,500
Roads and parking	–	–	43,500
Summer stream crossing	–	–	1,000
State Park Fund:			
Budget Act of 1957 Proposal			
This project will provide additional facilities required by the constant increase in number of visitors brought about by expansion of the park from a 40- to a 600-acre facility and by new highway construction which will shorten travel time between the Bay area and the park by 45 minutes.			
Clear Lake State Park:			
Channel realignment	–	–	40,000
Water tank	–	–	45,000
State Park Fund:			
Budget Act of 1957 Proposal			
The project of channel realignment is necessary to prevent further loss of park land due to stream cutting erosion which has already ruined 3 acres in the center of the public use area.			
The water tank is to replace an existing 20,000-gallon redwood tank which is in poor condition and requires continuous maintenance. Present storage capacity is not adequate for existing facilities and additional expansion during 1956-57 will further tax the water supply. Fire danger is high and a large supply of water should be on hand at all times.			
Henry Cowell Redwoods State Park:			
Roads and parking areas	–	–	80,000
Comfort stations (2)	–	–	20,000
Picnic tables (150)	–	–	9,000
Camp and picnic stoves (50)	–	–	5,000
Water lines	–	–	12,000
Utility building with storage and service yard	–	–	17,000
Landscaping and planting	–	–	2,500
State Park Fund:			
Budget Act of 1957 Proposal			
This is the second phase of the development program for this park which was acquired in 1954. Developments will provide facilities for expanded public use.

PROPOSED 1957-58 EXPENDITURES *—Continued			
State Parks—Continued			
Morro Bay State Park:			
Sewerline	–	–	$40,000
State Park Fund:			
Budget Act of 1957 Proposal			
Park is now served by individual septic tanks and leaching fields which are located at tide level making them unusable during periods of high tides. Constant maintenance is required and unhealthy conditions promoted within the park. To supplement funds approved in the 1956-57 Fiscal Year.			
Folsom Lake State Park:			
Granite Bay Area:			
Parking area	–	–	300,000
Trails	–	–	25,000
State Park Fund:			
Budget Act of 1957 Proposal			
This is a part of a continuing development program commenced in 1956-57. Surfacing of permanent parking areas will be provided as well as completion of a major boat launching facility and construction of 25 miles of lakeside trails.			
Humboldt Redwood State Park:			
Bank protection, South Fork of Eel River and Bull Creek	–	–	40,000
State Park Fund:			
Budget Act of 1957 Proposal			
The floods of 1955 caused major damage to banks in many sections of the Eel River and Bull Creek. Hundreds of trees were toppled and serious cutting of banks occurred. Information from qualified civil engineers indicates that preventive measures must be accomplished to avoid further damage.			
William B. Ide Adobe State Historical Monument:			
Restoration	–	–	11,000
Roads and parking	–	–	2,000
Comfort station	–	–	4,000
Footbridge	–	–	900
Fencing	–	–	1,320
Water system	–	–	3,700
Landscaping	–	–	1,703
State Park Fund:			
Budget Act of 1957 Proposal			
Since acquisition no development has taken place in this historical area. The old adobe is not safe for public use and cannot be opened until restoration work is completed. In order to preserve the building it will be necessary to begin work in the immediate future as deterioration is becoming more rapid each year.			
Preliminary engineering and planning	–	–	20,000
State Park Fund:			
Budget Act of 1957 Proposal			
Funds are proposed to permit contracting for preliminary engineering and planning work in connection with the development of new and existing park facilities.

RIDERS' AND HIKERS' TRAILS

Analysis

The Riding and Hiking Trail, authorized by Chapter 112, Statutes of 1946, was to be a 3,000-mile state-wide loop. This was later amended to authorize secondary trails after completion of the state-wide loop. Chapter 1536, Statutes of 1955, authorized lateral trails concurrently with the state-wide loop to accelerate the program and provide for more effective use.

ACQUISITION AND RESTORATION OF HISTORIC SHIPS

Analysis

Because of the part played by early day sailing and steam schooners in early development of California, this project was established to create a fitting monument. The project would provide for the purchase, moving, and rehabilitation of the steam schooner "Tongass" and either the 3-masted schooner "C. A. Thayer" or "Wanona," which, if acquired, are intended to be displayed by the San Francisco Maritime Museum through agreement with the State Park Commission.

[c] Appropriation balances of $9,553,275 for State Beach's Capital Outlay remain unexpended. This balance together with the development program and operating expenses must be met from this surplus and subsequent revenues.

DEPARTMENT OF NATURAL RESOURCES—Continued

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58

Division of Forestry

GENERAL ANALYSIS

The proposed capital outlay program for the 1957-58 Fiscal Year includes the acquisition of sites for 2 forestry honor camps as a part of the continuing program. In addition funds are provided for acquisition of land adjacent to the District Headquarters at Riverside to permit the enlargement of the corporation yard at this facility and to provide for future plant expansion. The continuation of the program of acquiring title to fire suppression and lookout sites now occupied under ground leases or easements is also provided.

Funds are proposed for the construction of 3 new forest protection stations to replace existing temporary facilities. The relocation of the Napa County Headquarters is proposed. Additional funds are provided for expansion of 5 other county headquarters installations. Provision has also been made for the construction of 2 additional 80-man forestry work camps for inmates of the Department of Corrections.

The minor capital outlay program provides a continuation of programs previously established. Emphasis in the current program is placed on provision for water development, housing for personnel stationed in remote areas and projects for the honor camp program in road building and bridge construction.

CALIFORNIA OLYMPIC COMMISSION

GENERAL ANALYSIS

The California Olympic Commission was established by Chapter 124, Statutes of 1955, which became effective on June 18, 1955, with the awarding of the VIIIth Winter Olympic Games to Squaw Valley, California, by the International Olympic Committee. The commission is composed of 5 members appointed by the Governor. The duties of the commission are to provide facilities for the 1960 Winter Games with the funds made available by the State; to encourage and assist participation in these games by persons from all parts of the world; to cooperate to the fullest extent with the Government of the United States and with other persons, corporations, and agencies concerned with staging the winter games in California in 1960; and to engage in such other activities as may be necessary or desirable to make the holding of the games in California a success. The commission has entered into and will enter into further agreements with the Organizing Committee, VIII Olympic Winter Games corporation, appointed by the United States Olympic Committee, to stage the 1960 Winter Olympic Games.

The location of the facilities and the overall plans for the development of the site have been completed. During the current fiscal year it is anticipated that all detail plans, specifications, and working drawings will be finished, and that during the budget year actual construction will begin.

In addition to the following program, legislation is proposed to provide authorization for additional financing to cover the letting of contracts for facilities designed in anticipation of the area becoming a permanent state park operation. $2,500,000 is reserved in the State Park Fund for this purpose.

Detail of Major Project Allocations for Construction of Highways and Bridges as Recommended by the California Highway Commission for the 1957-58 Fiscal Year

COUNTY	ROUTE	DESCRIPTION	APPROXIMATE MILEAGE	ESTIMATED COST
		NORTHERN GROUP OF COUNTIES		
Alameda	69	0.25 mile east of Fallon Street to 0.22 mile west of Market Street; grade, pave, and structures	0.9	$6,400,000
Alameda	105	San Mateo-Hayward Bridge to Eden Landing Road; shoulders	1.8	100,000
Alameda	105	East 14th Street between 77th and 74th Avenues at Arroyo Viejo Creek; reconstruct storm drains	–	250,000
Alameda	226	East 14th Street to 0.1 mile west of Southern Pacific Railroad Crossing; reconstruct and widen	0.5	165,000
Alameda	227	Route 5 near Calaveras to Route 75 (portions); grade and surface	–	300,000
Alpine	34	Red Lake Dam to 1.5 miles east of Blue Lakes Road; grade and surface	5.8	800,000
Amador	34, 65	Lancha Plana Road to 0.5 mile east of Martell; grade, surface, and structures	7.4	1,010,000
Amador	34	Silver Lake to Alpine County line (portions); grade and surface	3.8	400,000
Butte, Plumas	21	Arch Rock, Elephant Butte and Grizzly Dome Tunnels (portions); line tunnels	–	60,000
Butte	21	Bear Creek Bridge No. 12-39; reconstruct	–	25,000
Butte	47	Glenn County line to 2½ miles west of Chico; grade, surface, and structures	5.9	475,000
Butte	47	Junction Route 3 via 8th and 9th Streets to Fir Street east of Chico; surface and drainage	1.1	230,000
Butte	87, 21	Union School to Montgomery Street; grade, surface, and structures	5.4	750,000
Calaveras	24	Murphys to Big Trees (portions); grade and surface	6.6	550,000
Calaveras	65	Through Mokelumne Hill; grade and surface	2.0.	340,000
Colusa	15	Williams to Sacramento River Bridge (portions); base, surface, and widen structure	8.9	350,000
Contra Costa	75, 107	East of Pleasant Hill Road to west of Walden Road and 0.9 mile south of existing Route 75 to new Route 75; grade, pave, and structures	4.2	7,500,000
Contra Costa	75	Route 11 to Brentwood; reconstruct	6.6	305,000
Del Norte	1	Minot Creek and High Prairie Creek; bridges and approaches	–	235,000
El Dorado	11	Mays to Nevada State line; grade, surface, and structures	5.2	350,000
El Dorado	93	Georgetown to 2.4 miles west; grade and surface	2.4	145,000
Fresno	41	R Street to Chestnut Avenue; grade and surface	2.3	750,000
Fresno	41	0.7 mile east of Reed Avenue to 2.3 miles east of Friant Kern Canal (portions); grade, surface, and structure	1.4	230,000
Fresno	125	C Street to Broadway; grade and surface	0.4	28,000
Fresno	125	Shaw Avenue to 0.8 mile north of Herndon Avenue; grade and surface	2.6	400,000
Glenn	7	3.6 miles south of Willows to Willows; surface	3.6	100,000
Glenn	47	Route 7 to Butte County line; grade, surface, and structure	11.1	965,000
Humboldt	1	1 mile south of Dyerville to Englewood; grade, surface, and structures	4.2	2,605,000
Humboldt	1	0.2 mile north of Fortuna to 0.4 mile north of Fernbridge; structures and approaches	–	515,000
Humboldt	1	0.4 mile north of Fernbridge to 0.7 mile north of Hookton Road; grade and surface	4.6	750,000
Humboldt	1	1 mile south to 0.3 mile north of Mad River; structure	–	500,000
Humboldt	1	Patricks Point to 0.3 mile north of Big Lagoon; grade	3.5	1,300,000
Kings	125	1.9 miles north of Stratford to Jersey Avenue; grade and surface	1.9	190,000
Kings	135	Kansas Avenue to Route 10; grade and surface	8.0	770,000
Lake	49	Cache Creek to Route 15; grade and surface	6.3	950,000
Lassen	73	Ravendale to Madeline (portions); grade and surface	6.7	750,000
Madera	4	0.5 mile south to 1.5 miles north of Madera; grade, pave, and structures	3.9	3,400,000
Marin	1	0.2 mile north of Richardson Bay Bridge; pedestrian overcrossing	–	60,000
Marin	1	Greenbrae Intersection to 0.5 mile north of California Park Overhead; grade, pave, and structure	1.4	1,325,000
Marin, Sonoma	8	Petaluma Creek Bridge No. 27-13; bridge and approaches	–	2,300,000
Mariposa	18	Acorn Inn to King Solomon Mine; grade, surface and structures	4.6	1,200,000
Mariposa	65	2 miles north of Route 18 to Coulterville (portions); grade and surface	–	200,000
Mendocino	1	0.5 mile north of Hilvilla to 0.9 mile south of Irvine Lodge; grade and surface	3.8	2,000,000
Mendocino	48	Robinson Creek to Maple Creek; base and surface	4.6	250,000
Mendocino, Sonoma	56	Gualala River; bridge and approaches	0.9	625,000
Merced	4	G Street to Bear Creek (portions); reconstruct	1.4	300,000
Merced	122	0.5 mile east to 4 miles east of Gustine; grade and surface	3.5	150,000
Merced	122	West of Lincoln Road to west city limits of Merced (portions); grade and surface	–	550,000
Modoc	28, 73	Alturas to Oregon State line (portions); base and surface	–	725,000

County	Route	Description	Approximate mileage	Estimate cost
		NORTHERN GROUP OF COUNTIES—Continued		
Monterey	2	1.8 miles north of Salinas River to 2 miles south of Greenfield; grade, surface and structures	7.9	$1,600,00
Monterey	2	1 mile north of Greenfield to Salinas River near Soledad; grade, surface and structures	5.6	1,090,00
Monterey	2	Through Chualar; grade, surface and structures	1.3	620,00
Monterey	56	San Luis Obispo County line to Rocky Creek (portions); cribbing	–	230,00
Monterey	119	Route 10 to San Benito County line (portions); surface	–	70,00
Napa	49	Union Station to Orchard Avenue; grade and surface	2.3	525,00
Napa	102	Sage Creek Bridge No. 21-30; superstructure	–	15,00
Nevada	38	Boca to Floriston; detour	–	350,00
Nevada, Placer	38	0.2 mile south of Squaw Valley Road to Truckee Wye; grade, surface and structures	9.4	1,450,00
Placer	37	Near Magra to 0.1 mile west of Alta Road; detour	–	300,00
Placer, Nevada	37	Hampshire Rocks to Soda Springs; grade, surface and structure	5.7	3,100,00
Plumas	21	0.7 mile west of Spring Garden to Sloat; grade and surface	5.2	1,300,00
Sacramento, Solano	53	Sacramento River Bridge No. 23-24 at Rio Vista; substructure	–	1,150,00
San Benito	2	San Benito Bridge No. 43-04L; bridge and approaches	0.1	185,00
San Benito	119	5 miles north of San Benito River to Paicines; grade and surface	4.6	450,00
San Francisco	2	South Van Ness to Turk Street; grade, pave and structure	1.0	5,200,00
San Francisco	2	Lyon Street to Route 56; grade, pave and structures	1.3	3,900,00
San Mateo	2	31st Avenue to Poplar Avenue; grade and surface	2.9	375,00
San Joaquin	5	East city limits of Tracy to Grand Line Road; grade, surface and structures	3.9	1,100,00
San Joaquin	5	Richards Avenue to Charter Way; grade, surface and structures	5.0	1,100,00
San Joaquin	75	Route 4 to Knights Ferry Road (portions); reconstruct	–	20,00
San Mateo	56, 55	Edgemar to Junction Route 55 and new Route 56 at Edgemar Road; grade, surface and structures	1.5	1,300,00
Santa Clara	2	San Thomas Aquinas Creek in Santa Clara to Route 114 in Sunnyvale; grade and surface	3.8	945,00
Santa Clara	5, 42	Route 42 in Los Gatos to Bascom Avenue in San Jose and Tait Avenue to new Route 5; grade, pave and structures	8.8	5,770,00
Santa Clara	32	San Felipe to Hollister Wye; surface	2.3	90,00
Santa Clara	68	Stevens Creek to Ellis Street; grade, pave and structures	1.1	1,100,00
Santa Cruz	56, 5	0.3 mile east of Morrissey Avenue to 0.6 mile north of Route 56/5 Junction; grade, pave and structures	2.2	1,600,00
Santa Cruz	56	Swift Street to Wilder Creek; grade and surface	2.4	415,00
Santa Cruz	116	Felton to Boulder Creek (portions); grade, surface and structures	5.9	400,00
Shasta	3	Clear Creek to Redding Underpass; grade and surface	3.3	365,00
Shasta	3	0.5 mile north of Lamoine to 0.8 mile north of Shotgun Creek; grade, surface and structures	6.9	4,520,00
Shasta	3	Cypress Avenue to Sulphur Creek; grade and surface	2.0	190,00
Sierra	25	North Fork Yuba River to 0.25 mile east of Ramshorn Creek (portions); grade and surface	–	200,00
Siskiyou	3	Shasta River to Gazelle; base and surface	–	160,00
Siskiyou	46	4.5 miles to 5.4 miles east of Hamburg; grade and surface	0.9	125,00
Solano	7	Interchange at Route 53; structure and approaches	–	1,100,00
Solano	7	0.2 mile north of Vallejo Wye to 0.4 mile north of Redwood Street; grade, pave, and structures	3.5	4,300,00
Solano	74	New Route 75 to 1.25 miles north of Benicia Arsenal; structure and approaches	–	375,00
Solano	90	0.3 mile north of Sweeney Creek to Yolo County line; grade, surface, and structures	5.0	1,070,00
Sonoma	51	Route 1 to 0.17 mile east of Farmer's Lane; widen and channelize	2.3	435,00
Stanislaus	4	Modesto Freeway—Whitmore to Pecos; grade, pave, and structures	–	1,300,00
Sutter	15	East end Sutter Bypass to Route 87 (portions); surface	–	235,00
Sutter	87	Knights Landing to Onstott Road (portions); surface and widen structures	–	700,00
Tehama	29	1.5 miles east of Lassen Camp to Mineral; grade, surface, and structure	5.2	980,00
Tehama	29	3 miles east of Tedoc Road to Dry Creek; grade and surface	6.2	775,00
Trinity	29	Salt Creek Bridge No. 5-05; bridge and approaches	–	18,00
Tuolumne	13	7 miles east of Stanislaus County line to Montezuma Road; grade and surface	8.1	1,500,00
Yolo	6	Solano County line to Swingle; structure	–	320,00
Yolo	6	Solano County line to existing Route 90 (portions); reconstruct	9.1	250,00
Yolo	50	East side of Yolo Bypass to near Kiesel; grade and surface	3.0	300,00
Yolo	50	Bryte to Broderick; grade and surface	2.2∓	110,00
Yolo	90, 6	Solano County line to 2.75 miles north of Madison; grade, surface, and structures	13.9	3,000,00
Yuba	15	Westerly approach to Parks Bar Bridge; grade and surface	1±	100,00
		Total, Northern Group of Counties		$102,806,00

Building, plants, and equipment	4,500,000	4,789,537	289,537 [4]
Totals, Capital Outlay	$277,828,651	$376,528,804	$98,700,153
GRAND TOTALS, PROPOSED EXPENDITURES	$311,764,651	$411,148,897	$99,384,246

---

[1] Increases or decreases to reflect adjustment in accordance with foreseeable expenditure programs.

[2] Increases primarily represent expanded program made possible by additional federal aid revenue; also reflected in the increases and additional revenues from tax resources and transfer of resources from prior year budgets. A supplemental schedule covering revisions in major construction projects follows.

[3] Represents damage repairs caused by floods of December, 1955.

[4] Increases due to inclusion of unexpended balance for prior year work in current budget.

Northern group of counties	24,069,200	36,748,464	33,327,513	—3,420,951 [1]
Southern group of counties	57,273,800	71,689,389	68,840,044	—2,849,345 [1]
Preliminary and design engineering	15,000,000	19,211,862	19,715,601	503,739
Honor camp construction	1,500,000	1,755,945	1,787,862	31,917 [1]
Emergency damage repairs	–	–	8,157,904	8,157,904 [3]
Contingencies	744,596	5,902,291	–	—5,902,291 [1]
Buildings, plants, and equipment	4,500,000	4,582,262	3,803,224	—779,038 [4]
Totals, Capital Outlay	$245,889,596	$279,668,535	$275,922,263	—$3,746,272
TOTALS, EXPENDITURES AND OBLIGATIONS	$278,748,849	$313,412,528	$308,740,300	—$4,672,228

---

[1] Variation between estimated and actual expenditures for these items are normal and do not reflect any change in program.

[2] A supplemental schedule detailing differences in estimated and actual expenditures for major construction projects follows. Majo cause of increase occasioned by increased revenue.

[3] Emergency allocation necessitated due to flood damage.

[4] Provision for equipment combined with land and buildings and variation in total nets to a decrease due to plans for buildings no developing as rapidly as anticipated.

Statement No. 3—Detail of Major Project Allocations for Construction of Highways and Bridges for the 1956-57 Fiscal Year as Revised to November 1, 1956, Compared to Budget Allocations

County	Route	Description	Approx. mileage	Estimated cost: Original	Estimated cost: Revised as of 11-1-56	Difference
		NORTHERN GROUP OF COUNTIES				
Alameda	5	Intersection of Niles-Hayward Road with Decoto Road; signals and widen (State's share)	–	–	$22,000	$22,000 [5]
		(Contributed funds)	–	–	4,703	4,703
Alameda	5	North city limit of Hayward to Mattox Road; grade and pave (State's share)	1.3	$800,000	824,687	24,687 [7]
		(Contributed funds)	–	–	69,612	69,612
Alameda	5	On the eastbound Cypress Street and MacArthur Boulevard Ramps of the Distribution Structure; lighting	–	–	6,065	6,065 [13]
Alameda, Contra Costa	5, 14, 69, 75, 107, 108	Portion of indicated routes; surface	26	–	283,900	283,900 [18]
Alameda	69	Warm Springs to Beard Road; grade, pave and structures	9.9	5,785,000	6,810,000	1,025,000 [8]
Alameda	69	Magnolia Street to 17th Street	0.8	2,650,000	2,491,180	—158,820 [1]
Alameda	69, 107	Intersection of Main Street with Fremont Avenue in Fremont; signals and lighting	–	–	21,000	21,000 [5]
Alameda	75	Broadway between Brookside Avenue and West Portal of the Broadway Low Level Tunnel; improve drainage	–	–	9,000	9,000 [10]
Alameda	105	163d Avenue to 173d Avenue; storm drain	–	–	14,442	14,442 [10]
Alameda	227	Route 5 to Route 75 (portions); grade and surface	9±	300,000	600,000	300,000 [20]
Amador	34	Bridge No. 26-07 across Dry Creek (portions); reconstruct	–	–	7,866	7,866 [15]
Butte	21	Intersection of Montgomery Street with Meyers Street in Oroville; signals and lighting	–	–	4,000	4,000 [5]
Butte	45	Cherokee Canal Bridge No. 12-42; bridge and approaches	–	205,000	205,000	–
Butte	47	Chico to Hog Springs; grade and surface	4.9	680,000	680,000	–
Butte	47	Humboldt Avenue, Main Street to Alder Street; surface	–	–	10,000	10,000 [16]
Calaveras	24	0.1 mile east to 1.8 miles east of Valley Springs; grade and surface	1.7	235,000	203,677	—31,323 [1]
Calaveras, Amador	24, 34, 65, 97	Portions of indicated routes; surface	–	–	119,050	119,050 [18]
Colusa	7	Through Arbuckle; signs and stripe	1.5	–	10,000	10,000 [20]
Colusa	88	2 miles to 0.9 mile south of Eddy's Ferry; reconstruct	–	–	45,000	45,000 [16]
Contra Costa	14, 106	South of Hilltop Drive (County Road 24) to north city limits of Hercules; grade, pave and structures	4.9	6,800,000	7,412,682	612,682 [8]
Contra Costa	75	Broadway Tunnel to 0.4 mile west of Orinda; widen	1.5	–	150,000	150,000 [11]
Contra Costa	75	2d Street, Oak Street to Pine Street in Brentwood; surface shoulders	–	–	18,000	18,000 [9]
Contra Costa	75	Intersection of Route 75 with Big Break Road; realignment and channelization	–	–	38,000	38,000 [5]
Contra Costa, Santa Clara	75, 2, 114	Route 75, Monument to Martinez (portions); Route 2, Alma Avenue to Tully Road (portions); and on Route 114, Route 2 to Beemer Avenue (portions); seal coat	3.6	–	28,000	28,000 [18]
Contra Costa	75, 106	Intersection of Pacheco Boulevard with South Concord Avenue and Arnold Industrial Highway with Solano Way; signals, lighting, channelization and widen	–	–	56,000	56,000 [5]
Contra Costa	107	Danville to 0.6 mile north of Alamo; surface easterly shoulder	–	–	13,000	13,000 [20]
Contra Costa	1, 107	0.1 mile south of Westwood Court to Mount Diablo Boulevard in the city of Walnut Creek; widen bridge, install traffic signals and channelization (State's share)	–	–	110,770	110,770 [12]
		(Contributed funds)	–	–	20,000	20,000
Del Norte	1	Panther Creek Bridge; structure and approaches	0.1	80,000	77,046	—2,954 [1]

		Totals, Southern Group of Counties		65,441,000	92,903,280	27,462,280
		TOTALS, MAJOR PROJECT ALLOCATIONS		$150,193,000	$190,223,924	$40,030,924

REASONS FOR REVISIONS

[1] Savings—funds in excess of project requirements.
[2] Project deferred to subsequent fiscal year.
[3] Decrease due to change in scope of work.
[4] Decrease, project or portion of project financed from other funds.
[5] Additional project to install or revise traffic regulatory or safety devices.
[6] Additional project to alleviate hazardous traffic conditions.
[7] Additional funds required because of low budget estimate or higher construction costs.
[8] Additional funds required because of revision of design standards or scope of work.
[9] Additional project to improve deficient roadway or structure.
[10] Additional project to improve drainage.
[11] Additional project to improve traffic service.
[12] Additional project to relieve traffic congestion.
[13] Additional project to improve traffic safety.
[14] Additional project to provide improved traffic weighing facilities.
[15] Additional project to replace a deteriorated or destroyed structure.
[16] Additional project to repair a deteriorated roadway or structure.
[17] Additional project to provide for erosion control of roadside and for delineation.
[18] Additional project to place seal coats or resurface existing pavement.
[19] Additional project to stabilize slide area or remove underground water.
[20] Additional project, deferred from prior fiscal year.
[21] Additional project to replace Martinez-Benicia Ferry and facilities.
[22] Additional project, work advanced from ensuing years budget.
[23] Additional funds to cover increases in project costs.
[24] Additional project for erosion control.
[25] Additional project to acquire materials for use on construction.
[26] Claim settlement covered by agreement.

REASONS FOR REVISIONS

[1] Savings—funds in excess of project requirements.
[2] Project deferred to subsequent fiscal year.
[3] Decrease due to change in scope of work.
[4] Decrease, project or portion of project financed from other funds.
[5] Additional project to install or revise traffic regulatory or safety devices.
[6] Additional project to alleviate hazardous traffic conditions.
[7] Additional funds required because of low budget estimate or higher construction costs.
[8] Additional funds required because of revision of design standards or scope of work.
[9] Additional project to improve deficient roadway or structure.
[10] Additional project to improve drainage.
[11] Additional project to improve traffic service.
[12] Additional project to relieve traffic congestion.
[13] Additional project to improve traffic safety.
[14] Additional project to provide improved traffic weighing facilities.
[15] Additional project to replace a deteriorated or destroyed structure.
[16] Additional project to repair a deteriorated roadway or structure.
[17] Additional project to provide for erosion control of roadside and for delineation.
[18] Additional project to place seal coats or resurface existing pavement.
[19] Additional project to stabilize slide area or remove underground water.
[20] Additional project, deferred from prior fiscal year.
[21] Additional project to replace Martinez-Benicia Ferry and facilities.
[22] Additional project, work advanced from ensuing year's budget.
[23] Additional funds to cover increases in project costs.
[24] Additional project for erosion control.
[25] Additional project to acquire materials for use on construction.
[26] Claim settlement covered by agreement.

Totals, Federal and Other Funds	$47,207,114	$116,069,981	$68,862,867
TOTALS, REVENUE AND RECEIPTS, STATE HIGHWAY FUND	$352,809,521	$433,568,673	$80,759,152

---

[1] Increase due to greater motor vehicle registration than anticipated with some resulting increase in gasoline consumption.

[2] Reduction due to ferryboat for vehicles being in operation for only portion of year—new ferry placed in operation November 1, 1956

[3] Amount due was fixed sum repayable in 2 fiscal years and reduction due to larger sum received in prior year.

[4] Increase reflects additional apportionments under expanded Federal Highway Aid Act. Primarily affects the federal interstate system.

[5] Additional federal aid allocation for emergency repair due to floods of December, 1955.

[6] Represents revenues from contributions on specific projects which cannot be estimated in advance and which are taken into budget as projects concerned are placed under work order.

DEPARTMENT OF VETERANS AFFAIRS

SUMMARY	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58
MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT			
Capital Outlay and Savings Fund			
Veterans' Home	$380,812	$180,114	$683,670
MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT			
Capital Outlay and Savings Fund			
Veterans' Home	$48,965	$42,368	$86,485
TOTAL EXPENDITURES, CAPITAL OUTLAY *(Capital Outlay and Savings Fund)*	$429,777	$222,482	$770,155

GENERAL ANALYSIS

The capital outlay program of the Department of Veterans Affairs affects only the Veterans' Home since the Woman's Relief Corps Home was leased to a private party in the 1953-54 Fiscal Year.

Veterans' Home of California

SUMMARY OF POPULATION AND CAPACITY—END OF YEAR (JUNE 30)

TYPE OF CAPACITY	Actual 1955-1956	Estimated 1956-1957	Estimated 1957-1958	Estimated 1958-1959	Estimated 1959-1960	Estimated 1960-1961	Estimated 1961-1962
Population	1,853	1,949	1,953	2,100	2,300	2,400	2,520
TOTAL CAPACITY	2,301	2,415	2,415	2,409	2,635	2,635	2,707
Additional construction required [a]	—448	—466	—462	—309	—335	—235	—187
Bed Capacity:							
Domiciliary	1,532	1,532	1,532	1,441	1,532	1,532	1,532
Convalescent and chronic [b]	406	406	406	487	622	622	694
Hospital and receiving	363	477	477	481	481	481	481

---

[a] This does not include any allowance for vacancies due to members on pass, and for turnover.

[b] New capacity to be constructed so as to be usable for either domiciliary or convalescent and chronic capacity.

DEPARTMENT OF VETERANS AFFAIRS—Continued

Veterans' Home of California

This facility is located near Yountville, Napa County. It is a home for aged and disabled, honorably discharged former members of the armed forces. The site of the home is on a hillside with both single-and 2-story buildings and a 4-story hospital. With the exception of the chapel, most of the structures of the institution have been replaced in recent years or are in good condition. A 114-bed hospital wing was occupied in the 1956-57 Fiscal Year.

MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT

PROPOSED 1957-58 EXPENDITURES*

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
Replace Chapel:			
Construction	–	–	$185,500
Equipment	–	–	28,950
Budget Act of 1957 Proposal			
This chapel will replace the present structure which has deteriorated through age.			
Hospital Additions to Provide X-ray Therapy and Surgical Recovery Rooms:			
Construction	–	–	164,650
Equipment	–	–	2,000
Budget Act of 1957 Proposal			
This project will provide a 4-bed surgical recovery room and a deep X-ray therapy room, including deep X-ray therapy equipment.			
Construct water supply improvements	–	–	78,170
Budget Act of 1957 Proposal			
This is the Veterans' Home's portion of a joint project with Napa State Hospital which will assure the hospital of a water supply at reduced cost. It will also result in improved water pressure and supply for Veterans' Home.			
Medical Treatment Center:			
Construction	–	–	218,800
Equipment	–	–	5,600
This project will permit the relocation of the domiciliary medical service to the hospital. This will also permit expansion of the clinical laboratory, dental clinic, urology clinic, and eliminate duplicate pharmacy and clinical laboratory services.			

ESTIMATED 1955-56 AND 1956-57 EXPENDITURES*

FEATHER RIVER PROJECT

Analysis

The proposed deficiency appropriation for the 1956-57 Fiscal Year will provide funds for:

(a) The relocation of State Highway 40 Alternate, from Wicks Corner to combined highway and railroad bridge crossing at West Branch of Feather River; and from the opposite end of that bridge to Jarboe Gap at the intersection with the existing highway.

(b) The Western Pacific Railroad between the West Branch bridge crossing and the junction with the existing railroad at Intake, mainly by 5 tunnels.

(c) For the railroad roadbed grading of a section in the Vinton Gulch area where the railroad parallels the State Highway and it will be necessary for one contractor to perform the work.

The Budget Act of 1957 appropriation will permit:

(a) The completion of construction of the State Highway 40 Alternate between Oroville and Wicks Corner.

(b) The joint railroad and highway bridge across the West Branch of the Feather River.

(c) And the work not included in the deficiency appropriation necessary to complete the relocation of the Western Pacific Railroad and State Highway 40 Alternate around Oroville reservoir, including 2 railroad bridges across the Feather River.

(d) For the relocation of the Feather River Railway, a logging railroad, for the portion of the railroad necessary to be relocated around the Oroville reservoir.

(e) For a combined county road and railway bridge across the South Fork of the Feather River, which would accommodate the Feather River Railway.

(f) The earth work on the relocation of the county road from Miner's Ranch to Craig, for a section where the county road relocation parallels the relocation of the logging railroad.

In addition funds are included in the Budget Act of 1957 appropriation proposal for necessary location surveys, exploration and materials investigations required for the Feather River Project including Oroville features of the Feather River Project, the Feather River Project Aqueduct and Alameda-Santa Clara-San Benito Aqueduct, plus preparation of construction plans and specifications for the Oroville dam, power plants, and afterbays, the San Luis Dam integration with the Bureau of Reclamation San Luis Project, pumping plant and aqueduct design, and for the acquisition of rights of way for the balance of the State Highway and Oroville reservoir and afterbays No. 1 and No. 2 not financed in 1956-57 Budget, and the San Luis Reservoir site and forebay in their entirety.

PROPOSED 1957-58 EXPENDITURES *
(Budget Act of 1957 Proposal)

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
Surveys, Explorations, and Investigations			
Oroville Dam site	–	–	$354,200
Feather River Project Aqueduct:			
Location survey, intake to south line of Merced County	–	–	122,300
San Luis Dam site exploration	–	–	235,000
Feather River Project Aqueduct exploration	–	–	130,000
Laboratory investigations	–	–	223,000
Total, Surveys, Explorations, and Investigations	–	–	$1,064,500
Construction Plans and Specifications			
Oroville Dam, Power Plant, and Afterbays:			
Relocations	–	–	$86,000
Dam	–	–	410,000
Power plant	–	–	334,000
Drafting	–	–	160,000
Pumping Plant and Aqueduct Design:			
Aqueduct	–	–	167,400
Pumping plant	–	–	62,000
Preparation of Plans and Specifications by Other Organizations Under Service Agreements:			
Division of Highways	–	–	60,000
Total, Construction Plans and Specifications	–	–	$1,279,400
Negotiations and studies on contracts for sale of water and sale and purchase of power	–	–	$70,000
Acquisition of Rights of Way			
Expenses in negotiating rights of way	–	–	711,600
Costs of Rights of Way For:			
State highway relocation	–	–	400,000
Oroville reservoir and afterbays numbers 1 and 2	–	–	5,216,000
San Luis Dam site and forebay	–	–	2,800,000
Totals, Acquisition of Rights of Way	–	–	$9,127,600
Construction			
Construction of portion of Western Pacific Railroad grading Station 29+86 to Station 777+00	–	–	$2,762,500
Construction of Western Pacific Railroad bridges, first crossing near Oroville and third crossing near North Fork	–	–	2,748,900
Construction of joint railroad-highway bridge at West Branch crossing	–	–	8,662,500

ALTERNATIVE AQUEDUCT ROUTE STUDIES				
Analysis				
To continue studies of alternative aqueduct routes in Southern California initiated during the current fiscal year under the pro visions of Item 419.5, Budget Act of 1956. These studies are directed toward the determination of the best and most economica routes for the delivery of water to Southern California and the lower San Joaquin Valley.				
Project Detail				
Direct salaries	–	$315,509	$402,687	
Related operating expenses and equipment	–	195,991	104,213	
Consultants	–	4,500	5,000	
Mapping	–	210,000	145,000	
Geologic exploration	–	88,000	300,000	
Totals, Alternative Aqueduct Route Studies	–	$814,000	$956,900

Water Development Fund (Budget Act of 1957 Proposal)	–	–	*673,000*	
REAL PROPERTY ACQUISITION				
ESTIMATED 1956-57 EXPENDITURES*				
Acquisition of reservoir sites covering five local projects in the Upper Feather River Service Area. Additional funds to complete the acquisition of these lands, plus those required for associated public recreational development will be required. The amount necessary will be known upon presentation of the report by the Director of Water Resources on feasibility and extent to which any or all are found necessary and justified. Legislative determination will be necessary as to source of funds for construction of recreational facilities associated with water development	–	$273,000	–	
Source of funds: *1955-56* / *1956-57*				
General Fund:				
Budget Act of 1956, Item 419.6 — 1956-57: *$273,000*				
MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT				
PROPOSED 1957-58 EXPENDITURES*				
Reconstruct weir, Cache Creek Settling Basin *Budget Act of 1957 Proposal* To reconstruct a portion of the cobble weir at the Cache Creek Settling Basin. This weir, which is 1,600 feet in length, was constructed by the United States Corps of Engineers in 1938 and then turned over to the State for maintenance. The structure was partially washed out in 1950, again in 1952, and badly eroded in the winter of 1955-56. Temporary repairs of the weir have required excessive work and expense.	–	–	$90,000	
ESTIMATED 1955-56 AND 1956-57 EXPENDITURES*				
Bank protection at Tisdale Weir	–	$36,000	–

RECLAMATION BOARD

Through this board, the State cooperates with the Federal Government in the construction of flood control projects in the Sacramento-San Joaquin River drainage basin. The extent of state participation is determined by the several acts adopting and approving specific projects and for which appropriations to meet the State's costs are made as necessary. Generally such participation consists of the acquisition of rights of way, easements, flowage rights, and the cost of replacement or relocation of permanent improvements necessitated by the construction of the flood control works.

The 1957-58 Budget proposes that the Sacramento River Flood Control Project, the San Joaquin River Flood Control Project the new project of Middle Creek Flood Control, and additional work on the Merced County Stream Group proceed at an increased rate to meet the State's responsibility in the program, based upon projects to be undertaken by the Federal Government during this period.

FLOOD CONTROL AND WATER CONSERVATION PROGRAM

PROPOSED 1957-58 EXPENDITURES*

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
Sacramento River Flood Control Project—Sacramento River and tributaries	–	–	$1,700,000
San Joaquin River Flood Control Project	–	–	650,000
Calaveras River and Littlejohn Creek Project	–	–	10,000
Merced County Stream Group	–	–	200,000
Middle Creek Flood Control Project	–	–	850,000
Flood Control Fund of 1946:			
Budget Act of 1957 Proposal			
To provide for appraisals, surveys, and for acquisition of rights of way; and to continue cooperative work with the Corps of Engineers, United States Army, in the controlling of flood waters on these rivers, tributary systems and flood control projects.			
San Joaquin Flood Control Construction Project	–	–	2,000,000
Flood Control Fund of 1946:			
Budget Act of 1957 Proposal			
To provide for first unit of construction on the San Joaquin River between the mouth of the Merced River and Friant Dam.

UNALLOCATED FUNDS FOR PRELIMINARY PLANS, INCREASED COST OF CONSTRUCTION AND MISCELLANEOU REPAIRS AND IMPROVEMENTS

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58

Analysis

Lump sum appropriations have been provided from which allocations to agencies are made as needed. The expenditures from su allocations are included in the individual agency budgets. That part which has not been allocated but which is estimated be needed for further allocations, is included here as an expenditure.

Funds for preparation of complete preliminary plans are proposed to continue the presently authorized procedures for securi sound cost estimates for subsequently budgeted projects.

Expenditures from available appropriation are estimated for allocation to state agencies upon approval of the State Public Wor Board as prescribed by law for increased cost of construction when the lowest bid on a project is in excess of the available fun for such project. Savings from completed projects are transferred to this fund and are available by law for such allocations. T expenditure estimate anticipates a cost increase for construction projects.

Funds are proposed for miscellaneous repairs and improvements to be allocated to agencies upon subsquent determination of requir ments.

SUMMARY

	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58
Preliminary plans	–	$160,599	$650,000

Part III. Local Assistance Section

SUBVENTIONS

FOR EDUCATION:

- Apportionments for Public Schools
- Vocational Education—Reimbursements to School Districts
- Child Care Centers
- School Building Construction
- Debt Service on Public School Building Bonds
- Contribution to Teachers' Retirement System
- School Lunch Program
- Special Milk Program
- Free Textbooks

FOR PUBLIC HEALTH:

- Assistance to Local Health Departments
- Assistance to Counties Without Local Health Departments
- Assistance to Counties for Tuberculosis Sanitoria
- Assistance to Counties for Care of Crippled Children
- Assistance to School Districts for the Treatment of Cerebral Palsied Children
- Assistance to Local Agencies for Mosquito Control
- Assistance to Local and Nonprofit Agencies for Hospital Construction

FOR PUBLIC WORKS:

- Local Roads and Highways
- Flood Control
- Sacramento Deep Water Channel
- Postwar Public Works Projects
- Redondo Beach Sea Wall
- Grade Crossing Protection Works
- Storm and Flood Damage Repair
- Earthquake Damage Repair
- Veterans Housing

FOR SOCIAL WELFARE:

- Old Age Security
- Aid to the Needy Blind
- Aid to Partially Self-supporting Blind
- Aid for Institutional Care of Needy Aged and Blind
- Aid to Needy Children
- County Administration of Assistance Programs
- Local Inspection of Homes and Agencies Caring for Aged and Children
- Reimbursements to Counties for Administration and Cost of Care of Adoptions
- County Administration of Child Welfare Services
- Transportation of Needy Children

FOR OTHER PURPOSES:

- Salaries of Superior Court Judges
- Contributions to Judges' Retirement Fund
- County Veterans Service Officers
- County Agricultural Commissioners
- Workmen's Compensation for Civil Defense Workers
- Assistance to Counties for Juvenile Homes and Camps
- Assistance to County Agricultural and Citrus Fairs

SHARED REVENUES

FOR GENERAL GOVERNMENT:
- Apportionment of Liquor License Fees
- Apportionment of Motor Vehicle License Fees

APPORTIONMENT OF FEDERAL RECEIPTS:
- Flood Control Lands
- Forest Reserves
- Grazing Lands
- Potash Lease Rentals

FOR COUNTY ROADS:
- Apportionment of Motor Vehicle Fuel Tax
- Apportionment of Motor Vehicle Registration and Weight Fees

FOR COUNTY AIRPORTS:
- Apportionment of Motor Vehicle Fuel Tax

FOR CITY STREETS:
- Apportionment of Motor Vehicle Fuel Tax

GENERAL ANALYSIS

Article IX, Section 6 of the Constitution, fixes a payment of $180 per pupil in average daily attendance during the preceding sch year for public school support. This amount includes the support of all programs in the public schools with the exception of motor vehicle operation instruction program. This program was added by Chapter 1877, Statutes of 1953. Under the provis of this statute, 75 percent of the excess cost of conducting a motor vehicle operation instruction program, but not to exceed per student, shall be paid by the Superintendent of Public Instruction. Payments of $1,116,773 were made in 1956-57, $1,542, in 1956-57, and it is estimated $1,830,621 will be spent in 1957-58. This program is supported by the collection of additional fi on moving violations of the Motor Vehicle Code which are paid into the General Fund. So much as is necessary is then tra ferred to the State School Fund for the support of this program.

The average daily attendance for 1956-57 is estimated at 2,760,000, an increase of 217,822 or 8.1 percent, over 1955-56.

Expenditures for apportionment purposes are estimated to total $498,630,621 in 1957-58 compared to $460,915,685 in 1956-57, an crease of $37,714,936, or 8.2 percent.

GENERAL ANALYSIS

In accepting federal aids for vocational education, the State has provided continuing appropriations to match in part federal gra in aid contained in these acts. After deduction of state operating costs, the remaining balances of state and federal funds supervision and teacher training costs are distributed to public secondary school districts maintaining approved courses in vo tional instruction in agriculture, homemaking, business education, and industrial occupations.

These funds are allocated to programs at the local level as follows:

	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58
Agriculture	$336,478	$317,371	$315,155

TOTAL EXPENDITURES	$7,916	–	–

GENERAL ANALYSIS

The State Allocations Board, under the provisions of this program, apportions money to local school districts which are impoverished to the extent that their tax rate was within one-half cent of the legal maximum, and their bonded debt exceeded 95 percent of the amount permitted by law.

A total of $55,000,000 was appropriated for the program, which must have been applied for by the school district prior to December 31, 1953. Allotments were made on approved applications until December 31, 1954. Payments were made until December 31, 1955.

The current allotments being made are for increased costs on projects previously approved.

Balances of allotments on completed projects being returned by the school districts are in excess of new allotments. Chapter 1840, Statutes of 1955 appropriated $50,000 to finance completion or reimbursement to districts for projects for which apportionments have previously been made.

GENERAL ANALYSIS

Child care centers were established when a need was shown for the care of minor children whose parents were working or incapacitated by illness or other disability. Chapter 1194, Statutes of 1955, re-established the centers for a 2-year period or until June 30, 1957. Expenditures shown for 1957-58 are contingent upon legislative continuation of the centers.

The expenditures programmed for 1957-58 anticipates the same level of operations as in 1956-57. The administrative costs are carried in the budget for the Department of Education, General Activities.

TOTAL EXPENDITURES, ALL FUNDS	$18,345,977	$19,221,000	$24,307,500

GENERAL ANALYSIS

The school building loan program was started in 1949 for the purpose of assisting local school districts in providing urgently needed public school facilities. Those school districts which are financially able to do so will repay all or part of the amounts advanced to them. The amount to be repaid each year from each school district is measured by the relationship between the assessed valuation of the district and the amount the district must raise by local property taxes for payment on its bonded indebtedness.

State funds from which loans may be made to local school districts are provided from sale of bonds. There has been $615,000,000 authorized from sale of bonds, and $20,000,000 was provided from the General Fund. A total of $635,000,000 has been provided for the program.

Of the bonds authorized, $415,000,000 have been sold as of November 1, 1956, and it is estimated that $35,000,000 will be sold in January 1957, and July 1957, and $30,000,000 will be sold in November, 1957.

Interest and redemption charges on these bonds are initially paid from the General Fund. Any moneys in the bond funds which are derived from repayments from school districts or from interest on investments held by the bond funds is available for transfer to the General Fund, and is accounted as an offset against the debt service charges paid from the General Fund.

The School Bond Retirement Fund was established by the transfer of $50,000,000 from the General Fund. In 1954, $27,369,821 was returned to the General Fund. The balance in the fund is available for annual transfer to the General Fund as an offset against the debt service charges on school building bonds.

Contributions to Teachers' Retirement System

RECONCILIATION WITH APPROPRIATIONS

General Fund

SUBVENTION EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58
Budget Act Appropriation:			
For transfer to Teachers' Permanent Fund	$7,028,000	$7,218,000	$8,555,000
For transfer to Retirement Annuity Fund	18,557,000	19,546,000	18,673,000
TOTAL EXPENDITURES	$25,585,000	$26,764,000	$27,228,000

GENERAL ANALYSIS

The State Teachers' Retirement System by 1957-58 will contain 205,497 active members, with an additional retired roll of 21,000 members. Since July 1, 1944, members' contributions have been on a full reserve basis. State contributions are appropriated in amounts required to liquidate the amount of maturing liabilities not funded from the members' accumulated reserve, and the contributions of employers, rather than as the liabilities accrue.

The State's contribution to the Teachers' Permanent Fund and Retirement Annuity Fund is used to finance the major portion of expenditures for retirement allowances, approximately 80 percent of which are due on account of prior service. Subventions to local retirement systems and a portion of death benefits from the Retirement Annuity Fund are also provided from state contributions. Expenditures not funded by state contributions are financed from the contributions of the employing agencies and the members.

The subventions to local systems consist of payments of amounts equal to the allowances which would have been payable had the retired members involved been entitled to benefits from the state system alone. The payments are made on the basis of the amounts withheld from local members in the preceding year, and are reduced by one-half of the benefit payable on account of service after 1944 on which no Retirement Annuity Fund contributions have been paid.

The following schedule outlines the expenditure program:

TEACHERS' PERMANENT FUND

SUBVENTION EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58
Retirement Allowances:

School Lunch Program

RECONCILIATION WITH APPROPRIATIONS

Federal Aid Funds[a]

Federal Grants:			
For school lunches (expenditures)	$3,352,994	$3,341,762	$4,000,000

GENERAL ANALYSIS

Under the Federal School Lunch Act, federal funds are distributed to school districts offering approved lunches to children, o partially reimbursed basis. It is anticipated that 1,073 school districts representing 2,830 schools will participate and rec allotments in 1957-58.

Special Milk Program

RECONCILIATION WITH APPROPRIATIONS

Federal Aid Funds[a]

Federal Grants:			
For school milk (expenditures)	$4,153,390	$4,500,000	$5,000,000

GENERAL ANALYSIS

This program is authorized by Section 201c of the Agricultural Adjustment Act of 1949. Additional funds were made available 1955-56 for reimbursement to local school districts for increased consumption of milk.

---

[a] Federal funds. Neither the receipts nor the expenditures therefrom are included in the over-all budget totals. See Schedule 7 summary of federal funds.

TOTAL EXPENDITURES, ALL FUNDS	$3,904,989	$7,298,112	$4,295,172

GENERAL ANALYSIS

These federal and state funds are allocated to qualified health departments to provide effective local public health services. State fund are allocated to local health departments in accordance with Sections 1100-1156 of the Health and Safety Code.

The General Fund provision is based on a formula of 60 cents per capita or $16,000, whichever is less, as a basic amount, plu 20.735401 cents per capita. The 1957-58 amount of $3,501,886 is calculated on a basis of July 1, 1957, population estimate 14,115,000. The federal funds are distributed in the same ratio as state funds. The federal administrative allowance for th polio vaccination program expires during 1956-57.

An emergency poliomyelitis vaccination program is proposed for the current year. This program will concentrate on unvaccinated i dividuals under the age of 40 and also provide booster shots for those individuals who started the series under the Feder program. This amount will provide 2 inoculations for 2,000,000 people.

Unexpended balance, estimated savings	—188	–	–
TOTAL EXPENDITURES	$40,369	$110,099	$169,530

GENERAL ANALYSIS

Chapter 740, Statutes of 1953, authorized the Department of Public Health to furnish local public health services to those counties without recognized local health departments who contributed a minimum of 55 cents per capita. Alpine and Mono Counties initiated this program during 1954-55. Sierra and Trinity Counties contracted for these services in July, 1955, with Mariposa participating since Jauuary, 1956. Nevada and Modoc Counties came under the program in July, 1956. This item includes salaries for 16 existing positions, 9 proposed new positions, and their related operating expenses. Colusa and Lassen Counties will activate health services under this item in July, 1957. 2 nurses are proposed for each of these counties. 1 sanitarian for Colusa County and 2 sanitarians for Lassen County are also proposed. The existing program in Trinity County, consisting of 1 sanitarian and nurse, will require a second nurse and sanitarian during the budget year.

The following schedule indicates the categorical expenditures of this appropriation:

				SALARY RANGE	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58

TOTAL EXPENDITURES	$4,460,697	$4,317,000	$4,167,000

GENERAL ANALYSIS

These expenditures provide state grants-in-aid to counties, cities, and cities and counties for the treatment and care of persons suffering from tuberculosis. The funds are allocated in accordance with Division 4 of the Health and Safety Code which provides for a graduated subsidy rate. The reversions in this item are the result of improved techniques of case finding and treatment.

The Budget Act provides a subsidy of $2.60 per patient day for the first 36,500 patient days of care, $2.30 per patient day for the second 36,500 patient days, and $1.75 for all additional days, plus an additional 35 cents per patient day to each category.

Assistance to Counties for Care of Crippled Children

RECONCILIATION WITH APPROPRIATIONS

General Fund

SUBVENTION EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58
Budget Act appropriation	$3,888,674	$3,853,285	$3,193,289
Unexpended balance, estimated savings	—1,059,882	—868,531	–
TOTAL EXPENDITURES	$2,828,792	$2,984,754	$3,193,289

GENERAL ANALYSIS

This budget provides funds for a state program for handicapped children, as authorized by Sections 249 to 271 of the Health an Safety Code. The code provides that whenever the parent or guardian of the child is unable to finance necessary care, a designate agency of the county shall request the State to furnish such services. Further, it makes mandatory that each county appropriat not less than one-tenth mil on each dollar of assessed property valuation for the purpose of financing the program.

The proposed budget recommends a formula for the distribution of these funds to the various counties. This formula is as follows:

a. Treatment Subvention

After the county has spent, for treatment of physically handicapped children, the equivalent of one-tenth mil on each dolla of assessed valuation in the county, the State will provide funds sufficient to bring the program up to $20,000 or th equivalent of three-tenths of a mil, whichever is the greater. Treatment costs beyond that point will be shared in the rati of $2 of state funds to $1 of county funds.

b. Administrative Allowance

The State will contribute two-thirds of the expenditures for the local administration of each independent county's program made in accordance with an approved budget; provided, however, that the state contribution shall not exceed 6⅔ percen of the total expenditures for treatment in the preceding fiscal year.

The appropriation has been computed on the best program estimates available. It is proposed that the formula be financed and tha the state participation be maintained in accordance with this ratio.

SUBVENTION EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58

Unexpended balance, estimated savings	—45,359	–	–
TOTAL EXPENDITURES	$589,639	$691,572	$809,723

GENERAL ANALYSIS

This budget provides funds which will permit the department to employ therapists or to enter into contracts with local health departments to provide for the employment of therapists, for classes for cerebral palsied children. It is intended that all such personne will be transferred to local pay rolls as soon as feasible.

The 1957-58 Budget provides funds for 154 therapists in existing classes and 12 new classes which are anticipated to be established

SUBVENTION EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58
Budget Act appropriation	$400,000	$400,000	$400,000
Unexpended balance, estimated savings	—1,991	–	–
TOTAL EXPENDITURES	$398,009	$400,000	$400,000

GENERAL ANALYSIS

This subsidy is allocated to local or public agencies to control mosquitos. A major portion of the funds are distributed in accordance with an administrative formula which gives emphasis to the presence of mosquito-borne disease and the tax load of the local agency. During the budget year local jurisdictions having a tax rate of less than 15 cents will not participate beyond the basic allotment. In accordance with the Budget Act of 1956 requiring a minimum expenditure of $25,000 for research, $35,197 is budgeted for this purpose.

TOTAL EXPENDITURES, ALL FUNDS	$5,759,278	$12,933,428	$11,868,110

GENERAL ANALYSIS

This program is authorized by the California Hospital Survey and Construction Act which provides that the State may participate in the federal hospital construction program.

The definition of hospitals includes nursing homes, diagnostic and treatment centers, chronic disease hospitals, and rehabilitation centers. Allocations are made to nonprofit as well as governmental hospitals.

---

[a] In 1956-57, allocations from the General Fund will amount to approximately $3,152,494 in excess of available appropriations, for which formal contracts will not be executed until 1957-58. A similar procedure is proposed for 1957-58, and it is estimated that General Fund allocations necessary to match available federal funds will amount to $2,781,561 more than the proposed appropriation, to be formalized by contracts in 1958-59.

Analysis

FLOOD RELIEF LAW OF 1956: Chapter 9, Statutes of 1956 (First Extraordinary Session), appropriated $24,900,000, of whic $14,500,000 is payable from the General Fund and $10,400,000 is payable from the State Lands Act Fund. The amount appropriated from the General Fund is subject to allocation by the State Public Works Board to provide assistance to loca agencies; including any city, city and county, county, or public district, for repair and restoration of public property damage or destroyed by storm and flood during the months of December, 1955, and January and February, 1956. The amount appropriated from the State Lands Act Fund is for loan to local agencies for the completion of any project or projects wherein the loca agencies are unable to meet their share of the cost.

FLOOD RELIEF REDEVELOPMENT LAW: Chapter 58, Statutes of 1956 (First Extraordinary Session), appropriated $3,500,000 to provide a loan fund to permit local redevelopment agencies to acquire real property in flood damaged areas durin the period that the agencies are planning redevelopment projects and prior to the availability of federal funds to carry then out, and to assist such agencies in financing the local share of such projects.

Continuing appropriation to counties for aid to partially self-supporting blind persons, prescribed by Section 3420, Welfare and Institutions Code (expenditures)	$357,344	$348,600	$353,030

GENERAL ANALYSIS

This is a public assistance program in the form of financial help paid by the county and state governments to persons who, because of loss or impairment of sight, are unable to fully provide themselves with the necessities of life but are working on a plan for self-support. This program is administered by county welfare departments and supervised by the State Department of Social Welfare. The Federal Government does not participate in this program. The 1955 Legislature increased the maximum monthly grant from $90 to $95. Increases in Federal participation in categorical aid payments resulted in an increase in the maximum monthly payment to $99 effective October 1, 1956.

Continuing appropriation for payments to counties for medical, hospital or infirmary care of needy aged and blind in county institutions, Section 121.5 Welfare and Institutions Code (expenditures)	$348,762	–	–

GENERAL ANALYSIS

Until September, 1955, for each person receiving assistance who entered a hospital or institution for care at county expense, $35.20 per month was paid by the State to the county. This payment was made during the period following the first 2 calendar months of confinement and during the period of this payment the individual did not receive assistance payments. The 1955 Legislature repealed these provisions and in lieu thereof extended eligibility to old age security and aid to the needy blind to include patients in public medical institutions who are not receiving treatment for tuberculosis or psychosis.

SUBVENTION EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58

Aid to Needy Children (Assistance)—Continued

GENERAL ANALYSIS

This is a public assistance program financed by county, state, and federal governments. The primary purpose of the program is to provide family security and financial assistance for needy children who are deprived of parental support or care. The program is designed to keep children in a setting of their own family and to enable parents to continue resposibility for the family living plan. If it is not possible for a child to live with his own family, the program aims to provide the best substitute care in the home of a relative, in a foster home, or in a children's institution. The program is administered by county welfare departments and supervised by the State Department of Social Welfare. Amendments enacted by the 1955 Legislature rendered children relinquished to a public adoption agency eligible to receive aid until placed for adoption. On October 1, 1956, grants were increased an average of $2 per individual as a result of 1956 amendments to the Social Security Act.

Federal Grants:			
For county administration (expenditures)	$12,751,316	$14,077,900	$14,781,800

GENERAL ANALYSIS

The cost of local administration of the aged, blind, and children programs is borne by the county and the Federal Government. Federal funds for county administration are received by the State and forwarded to the counties on the basis of estimates prepared by the State Department of Social Welfare subject to adjustment upon receipt and audit of the counties' statements of expenditures.

TOTAL EXPENDITURES	$946,494	$902,100	$916,104

GENERAL ANALYSIS

This provides for the reimbursement of expenses incurred by counties and cities in maintaining approved services for the licensing and inspection of agencies for child care and home finding, and agencies for the care of the aged in accordance with the provisions of Sections 1622 and 2302 of the Welfare and Institutions Code. This reimbursement is in the amount found necessary by the State Department of Social Welfare for proper and efficient administration not to exceed an amount averaging $5 per month per license.

TOTAL EXPENDITURES	$1,363,955	$1,489,434	$1,820,485

GENERAL ANALYSIS

The State Department of Social Welfare licenses county adoption agencies to accept relinquishments and make adoptive placements of children and to investigate and report on petitions for adoption filed independently. Licensed county agencies are reimbursed by the State for all administrative costs. Until September 30, 1955, the cost of care for relinquished children was also reimbursed by the State: from October 1, 1955, such children are eligible to aid to needy children. Fees received from adoptive parents ($300 maximum) are abated to the cost of administration.

The cost of care for children committed to the State Department of Social Welfare or a public adoption agency pursuant to Section 226(c) of the Civil Code is reimbursed by the State.

Provision is made in the estimate for 1957-58 to license 3 additional counties for the acceptance of relinquishments and 2 additional counties for the investigation of independent petitions. In the event these counties are not licensed as anticipated, the budget bill authorizes a transfer to the departmental support appropriation of the amount necessary for the department to investigate and report on independent adoptions.

	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58

Salaries of Superior Court Judges

Under the provisions of Section 68206 of the Government Code, the State contributes towards the salary of each judge of the superior courts in accordance with the population of the county as determined by Section 68207 of the Government Code. The following statement shows the contribution by the State and by the county towards the salary of each judge:

POPULATION OF COUNTY	*State's share*	*County's share*	*Total salary*
250,000 or more	$8,500	$9,500	$18,000
More than 40,000 but less than 250,000	9,000	7,500	16,500
40,000 or less	9,500	5,500	15,000

The amount budgeted is to provide the amount required for each of the 243 judges authorized by existing law.

County Veterans Service Officers

Pursuant to Sections 970-973 of the Military and Veterans Code, the State reimburses the counties for part of the cost of coun services maintained for assistance to veterans and the dependents of deceased veterans. The amount paid each county, con tioned upon the observance of certain standards and regulations, is determined by the California Veterans' Board except th the payment toward the salary of the county service officer shall not exceed $75 per month. Payments are also made for parti cost of assistants' salaries and operating expenses.

All counties except Alameda, Alpine, Los Angeles, San Francisco, and Sutter have established county veterans service office

Assistance to Counties for Juvenile Homes and Camps

Under the provisions of Sections 950 through 960 of the Welfare and Institutions Code, the board of supervisors of any county may establish juvenile homes, ranches or camps. Wards are committed by the juvenile courts to these facilities in lieu of commitment to the Youth Authority.

Certain standards prescribed by the Youth Authority must be met by the counties before they are entitled to receive any state funds. Reimbursements to counties are made for one-half of operating costs, but not in excess of $95 per month per child. There is no limit as to the number of camps for which any one county may be reimbursed.

CLASSIFICATION OF FUNDS IN THE STATE TREASURY

There are 143 funds maintaining separate accounts in the State Treasury.

The budget totals of revenues and expenditures reflect the activities of 78 of these funds. See Schedule 5 for complete list of these funds. They are segregated into the following classifications:

GENERAL FUND—Consists of money received into the State Treasury not required by law to be credited to any other fund, to be used for general purposes of State Government.

RESERVE FUNDS—Funds created for administrative purposes, from general purpose moneys, which have been set aside for a current or future use.

SPECIAL FUNDS—Funds created to receive certain revenues or to finance particular activities which are for general purposes of State Government or for activities subject to the regulatory or police powers of the State.

The transactions of the other 65 funds are not included in the budget totals. See Schedule 6 for complete list of funds which are not included in the budget totals. They consist of moneys which were derived from sources other than general or special taxes, licenses, fees or other state revenues, receipts from the Federal Government, funds created for accounting purposes, or moneys held in trust. Funds not included in the budget totals are segregated into the following classifications:

WORKING CAPITAL AND REVOLVING FUNDS—Funds created to finance services for governmental agencies for which charges are made at cost to maintain a fixed accountability. The charges are reflected as expenditures in the budget of the agency receiving the commodity or service.

UTILITY FUNDS—Activities operated under state control for the benefit of the public. Funds are derived from charges to those who use the service and no support is derived from taxes, licenses or other state revenues. These functions are not subject to the regulatory or police powers of the State.

BOND FUNDS—To hold proceeds from sale of bonds and to finance projects for which the bonds were authorized. The cost to the State is charged at the time interest payments are made and when the bonds are redeemed.

RETIREMENT FUNDS—Moneys held in trust by the State for retirement benefit payments.

DEBT SERVICE FUNDS—Moneys held by the State to be used for payment of interest or for redemption of bonds.

TRUST AND AGENCY FUNDS—Funds holding moneys in trust pending disbursement to trustors, moneys received from the Federal Government to be expended for specific purposes, and other funds which do not derive their resources from taxes or other state revenues, or are in the nature of transitory funds created for the convenience of accounting receipts or disbursements which are not necessarily revenues or expenditures.

TREASURY FUNDS FOR WHICH NO DETAILED TRANSACTIONS ARE REPORTED IN THE BUDGET

BALLOT PAPER REVOLVING FUND: The fund is used by the Secretary of State to purchase paper for sale to counties and municipalities for their use for election ballots.

OLD AGE AND SURVIVORS INSURANCE REVOLVING FUND: The fund is used by the State Employees' Retirement System to clear employer and employee contributions under the Federal Old Age and Survivors Insurance Program from public agencies included in the agreement between the State and the Federal Government.

STATE PAY ROLL REVOLVING FUND: The fund is used by the State Controller for payment of salaries through the central pay roll system.

INDIA BASIN SINKING FUND: Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of the San Francisco Harbor Bonds.

SAN FRANCISCO SEAWALL SINKING FUND NO. 2: Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of the San Francisco Harbor Bonds.

SAN FRANCISCO SEAWALL SINKING FUND NO. 3: Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of the San Francisco Harbor Bonds.

SAN FRANCISCO SEAWALL SINKING FUND NO. 4: Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of the San Francisco Harbor Bonds.

TEACHERS' RETIREMENT DISBURSEMENT FUND: This is a fund used for the convenience of accounting for disbursements for teachers' retirement benefit payments. Moneys are transferred to this fund from the Teachers' Permanent Fund and the Teachers' Retirement Annuity Fund.

SCHOOL LAND FUND: A nonexpendable endowment fund for public school purposes. Revenues consist of payment of principal and purchase price on sale of school lands. The interest received on the investment of this fund is deposited in the School Fund.

SPECIAL DEPOSIT FUND: Accumulation of numerous trust funds deposited by state and private agencies for a specific purpose. This fund also contains unclaimed checks and deposits pending either payment to the proper persons or transfer to the General Fund. The transactions of this fund are so numerous and so indefinite that no attempt is made to estimate the volume that will flow through the fund.

STATE PARK CONTINGENT FUND: Receives moneys from gifts, bequests, from municipal or county appropriations, or donations, for improvements, additions, or administration of the State Park System. The amounts received are disbursed in accordance with the provisions of the donations.

TAX-DEEDED LAND RENTAL TRUST FUND: Receipts are derived from leases made by the State Controller covering property deeded to the State for taxes. The rentals are paid semiannually to the county in which the property is located for distribution to the taxing agencies.

TORRENS TITLE ASSURANCE FUND: Fund contains unexpended balance of fees and investment income of one-tenth of 1 percent of assessed value of land and improvements insured under the Torrens Title Assurance Act. An outstanding judgment against the fund exceeds the assets of the fund. There is no current activity in the fund.

TREASURY TRUST DEPOSITS: Provides for the State Treasurer's central banking system.

UNCLAIMED PROPERTY FUND: This fund accounts for all unclaimed moneys held by the State.

Department of Corrections

CORRECTIONAL INDUSTRIES REVOLVING FUND

PROGRAM

The Correctional Industries Revolving Fund constitutes a permanent revolving fund to finance the work program of the Departmen of Corrections in the prisons and institutions under its jurisdiction.

The Correctional Industries Commission, representing organized labor, industry, agriculture, and the general public, is the polic making body for this activity. It is empowered to recommend productive industrial and agricultural enterprises in the prison and institutions. This includes determining the advisability and suitability of establishing, expanding, diminishing, or discor tinuing any industrial or agricultural enterprise involving a gross annual production of not more than the maximum determine by the formula established by the Legislature. The maximum was $366,270 value during the 1956 calendar year.

Correctional Industries is taking an increasing role in the training and rehabilitation of inmates through its organized industri and farming enterprises. Work programs are planned in all institutions except the Medical Facility.

Activities range from farm and ranch operations at the California Institution for Men at Chino and the California State Prison at Soledad and Folsom to large industrial operations such as the license plate factory at the California State Prison a Folsom, and the cotton textile mill at San Quentin.

A majority of the inmates employed are paid for productive work on a sliding scale up to 10 cents per hour. Wage rates are estal lished in accordance with the experience and skill of the individual employed.

During the year ending June 30, 1956, Correctional Industries operated 27 industrial shops and factories plus 23 farming and ranch ing enterprises distributed among 7 institutions, and employed between 2,654 and 2,934 inmates at various times throughou the year. The fluctuation was caused by those industries that have seasonal peaks and low periods of employment such as th canneries and many of the ranch functions.

GENERAL ANALYSIS

Number of positions	*186*	*212.6*	*219.1*	*6.5*

This budget provides for increasing the capacity of the canneries at Folsom and Chino, expansion of production in the mattress and bedding factory at Deuel, increased production in the metal fabrication and general fabrication factories at Folsom, increased output of the clothing factory at Tehachapi and activation of a detergent plant at San Quentin. The cotton mill at San Quentin is scheduled for a full 2-shift operation in this budget. Due to the unfavorable price structure, hog and poultry production has been reduced during the 1956-57 Fiscal Year.

The activity in the license plate factory at Folsom was curtailed during the 1956-57 Fiscal Year due to the elimination of metal tabs for annual registration renewals in 1957. Since existing legislation pertaining to license plates and periodic reissuance is currently being reviewed in anticipation of proposed changes, the type of plate to be manufactured cannot be forecast. This budget contemplates continuation of manufacturing replacement and new issue plates of the current series only. Adjustments in the expenditure and receipts budget will be required to properly reflect the ultimate license plate program. The Department of Motor Vehicles is budgeting funds in the 1957-58 Fiscal Year for the first increment of manufacturing the type of plate ultimately decided upon by the Legislature. In any event the $884,000 proposed to be advanced by the Department of Motor Vehicles in the 1957-58 Fiscal Year will be considerably less than the total cost of any proposal to be made to the Legislature for a complete issue of license plates.

SALARIES AND WAGES: The increase of $57,383 is mainly due to salary adjustments, and 6 new positions as follows:

Proposed New Positions:

Central Office Administration:

2 Correctional industries representative — $12,720

These positions will provide the sales function with the minimum number of representatives to make the necessary contacts with local and state governmental jurisdictions. It is essential that sales be increased in order that production may be maintained at a profitable level.

---

[a] Contributions to State Employees' Retirement Fund included in above amounts — ($75,456) ($97,140) ($101,700)

[b] Unbudgeted cash in excess of current liabilities (except for liabilities applicable to succeeding accounting periods).

GENERAL ANALYSIS—Continued

SALARIES AND WAGES—Continued	
Proposed New Positions—Continued	
Central Office Administration—Continued	
1 Accounting technician	$3,900
1 Intermediate typist-clerk	3,216
These positions are required to meet increased work load in the central office.	
Soledad State Prison:	
1 Correctional officer (truck driver)	4,092
This position will perform the truck driving function for Correctional Industries at this institution.	
Institution for Women, Corona:	
1 Correctional industries foreman	4,980
This position will perform the maintenance function for the sewing enterprise. There will be a reduction in service and expense and overtime payments with the establishment of this position.	
Positions Deleted:	
Institution for Men:	
—1 Poultryman	—4,980
State Prison at Soledad:	
—1 Vegetable gardener	—4,760
Deuel Vocational Institution:	
—1 Vegetable gardener	—4,980
These positions will be deleted in 1957-58 due to changes in the farming program.	

OPERATING EXPENSES AND EQUIPMENT: Included in operating expenses is $236,000 to increase inventories at various institutions to a satisfactory working level and to meet anticipated increases in sales. This includes the detergent plant at San Quentin, the metal and general fabrication plants at Folsom, the mattress and bedding plant at Deuel and the clothing factory at Tehachapi.

Equipment purchases of $295,061 in 1957-58 includes $156,000 to expand the canneries at Chino and Folsom, and $15,520 for a sprinkler irrigation system at Soledad.

---

[g] Industries reimburses support for an additional 0.5 position.

[h] These positions (1 storekeeper I and 1 textile foreman) were established in 1956-57 to complete the full 2-shift operation in the cotton mill.

[i] The Legislature requested that these positions (3 correctional officers and 1 supervising cook I) be budgeted in this fund rather in support and be reimbursed by correctional industries.

[j] Reclassified from tobacco factory foreman.

INMATE WELFARE FUND

he Inmate Welfare Fund is a fund in the State Treasury which constitutes a trust held by the Director of Corrections for the benefit, education, and welfare of all inmates of institutions under the jurisdiction of the Department of Corrections. ncluded in the fund are the net proceeds from the operation of canteens and hobby shops.

GENERAL ANALYSIS

Number of positions	*18*	*22*	*22*	–

Analysis

The increase of $21,864 in expenditures is due to purchase of initial complements of television sets and assumption of camp motion picture rentals (see Department of Corrections over-all analysis of cost distribution between Inmate Welfare Fund and Institution Support). The estimated expenditures are expected to exceed estimated revenue by $7,283; however, this trend should be reversed after the budget year.

CALIFORNIA INDUSTRIES FOR THE BLIND MANUFACTURING FUND PROGRAM

The California Industries for the Blind operates 3 production centers, at Oakland, Los Angeles, and San Diego. The California Industries for the Blind Manufacturing Fund is utilized as a revolving fund in the program of employment of blind and physically handicapped workers. The Workshop for the Blind Manufacturing Fund was created by Chapter 943, Statutes of 1949, by consolidating the assets and liabilities of the then existing Home for the Adult Blind Manufacturing Fund, the Los Angeles Industrial Workshop Manufacturing Fund, and the San Diego Industrial Workshop Manufacturing Fund. Chapter 425, Statutes of 1953, changed the fund title to correspond with the program. This fund constitutes a permanent revolving fund used to meet the expenses necessary to purchase materials and production equipment, and payment of wages and salaries and other expenses incident to the production program of the California Industries for the Blind, in the State Department of Education. Moneys received for the sale of products manufactured in the production centers are paid into the State Treasury for credit to the fund.

Activities in the production centers are many and varied and include such items as the manufacture of brooms, mops, pillowcases, surgical drapes and wrappers, rugs, brushes, rubber mats, mattresses, and the fabrication and assembly of many products on a subcontract basis.

Approximately 300 blind and handicapped individuals will be employed during the 1957-58 Fiscal Year by the production centers for the blind.

STATE EDUCATIONAL AGENCY FOR SURPLUS PROPERTY

S plus property of all federal agencies, as well as surplus foods, is made available to schools through this agency. All expenses of procuring, handling and distributing such property are paid from this fund and recovered by nominal service charges to school districts based on a percentage of the fair value of the property distributed. Any excess service charges are refunded to the participating school districts after the close of each fiscal year. Reserves are maintained in the fund sufficient to meet any unliquidated obligations.

EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58	CHANGE FROM 1956-57
SUMMARY AND RECONCILIATION WITH APPROPRIATIONS				
Surplus Educational Property Revolving Fund				
SUPPORT	$1,315,789	$1,520,926	$1,586,409	$65,483
Contributions to the State Employees' Retirement Fund	40,752	59,000	63,042	4,042
TOTAL EXPENDITURES FOR SUPPORT	$1,356,541	$1,579,926	$1,649,451	$69,525 (4.4%)
GENERAL ANALYSIS				
Number of positions	*95.5*	*102.5*	*102.5*	–

The program for this agency is budgeted at a level slightly higher than in 1956-57 since it is expected that foods and hardware will be available for distribution in the greater amounts.

Department of Finance

PRINTING DIVISION

Printing Division operates the State Printing Plant. The division does all of the printing for the various state agencies. Two of the larger activities are the printing required by the Legislature and the publication of textbooks for free distribution to the schools. The division is supported by charges made for printing services.

Office at Sacramento

DIVISION OF ARCHITECTURE REVOLVING FUND

STATEMENT OF OPERATIONS

Authorized by Section 14030 of the Government Code, the Division of Architecture Revolving Fund provides the Division of Architecture with a working revolving fund from which to pay the cost of architectural services and construction for state agencies. The resources consist entirely of transfers, subject to the approval of the Department of Finance, from appropriations for construction and improvements made to the several agencies. Expenditures are reported in the budgets of the agencies to which the appropriations were made. Any unexpended balance remaining after completion of a project is returned to the appropriation and fund of origin.

EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58	CHANGE FROM 1956-57
Accountability for project funds, July 1	$41,518,571	$48,984,778	$45,675,778	
Additions:				
Receipts from district agricultural associations	384,542	4,897,000	2,765,000	
Transfers from state funds	55,804,326	80,332,000	129,914,000	
Transfers from federal funds	241,318	2,512,000	1,758,000	
Net increase in receivables	316,891	–	–	
Total Available	$98,265,648	$136,725,778	$180,112,778	
Deductions:				
Charges to projects (encumbrance basis)	$41,940,253	$90,000,000	$112,000,000	
Returns of Project Funds:				
District agricultural associations	146,715	50,000	50,000	
State funds	7,193,902	1,000,000	1,000,000	
Total Deductions	$49,280,870	$91,050,000	$113,050,000	
Accountability for Project Funds, June 30	$48,984,778	$45,675,778	$67,062,778	

LEGAL CITATIONS

The functions of the Division of Architecture are defined by Part 5, Division 3 of the Government Code and the following are the more significant provisions:

Section 14100. "The State Architect has general charge, under the department, of the erection of all state buildings * * *."

Section 14255. "Whenever provison is made by law for any project the project shall be under the sole charge and direct control of the Department of Public Works." A project is defined by Section 14254 as any construction or improvement of any state structure or improvement which will exceed $2,000 in cost.

Section 14256. If the total cost of the project will not exceed $20,000 or $35,000 in the case of district agricultural associations the State Architect may, with the approval of the Director of Finance, authorize the agency concerned to carry out the project directly.

Sections 14270 to 14275 require full and complete plans and estimates prior to entering into any contract for a project; require work on all projects be done under contract awarded to the lowest, responsible bidder except in the event it is found that such procedure is not in the best interest of the State; and prohibit awarding a contract in excess of the estimate.

Sections 14290 to 14402 prescribe in detail the contract procedure to be followed; including advertising for bids, qualification of bidders, award of contracts, and payment.

SCHEDULE OF ESTABLISHED POSITIONS

To accomplish this program the Division of Architecture employs personnel in the technical and craftsman classes as needed. The salaries of the employees are paid from project funds and such expenditures are reported as a portion of the project cost.

STATE WATER POLLUTION CONTROL FUND

EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58	CHANGE FROM 1956-57

Analysis

This revolving fund was created by Chapter 1551, Statutes of 1949, to provide loans to districts and municipalities for sewage a storm drainage facilities. The fund consists of $1,000,000 appropriated thereto plus interest payments on loans.

SUMMARY AND RECONCILIATION WITH APPROPRIATIONS

State Water Pollution Control Fund

EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58	CHANGE FROM 1956-57
Prior year balance available	$35,190	$67,977	$86,079	
Adjustment of previous allocations	63,194	–	–	
Bonds redeemed	2,000	5,000	10,000	
Revenue—interest on loans	13,593	13,102	13,713	
Total Available	$113,977	$86,079	$109,792	
Balance available in subsequent fiscal year	—67,977	—86,079	—109,792	
TOTAL ALLOCATIONS	$46,000	–	–	

ANALYSIS OF FUND ACTIVITY

Allocations are made to municipalities and districts upon approval of the State Water Pollution Control Board and the Direct of Finance. No other allocations are known to be pending.

Total loans and allocations made to June 30, 1956		$954,000
Less Prior Year's Transactions:		
Tahoe City Public Utility District	$29,000	
Almonte Sanitary District	129,000	
San Andreas Sanitary District	81,000	
Cotati Public Utility District	154,000	
Rio Linda County Water District	305,000	
Yountville Sanitary District	210,000	908,000
Allocations Made in 1955-56:		
Valley Springs Sanitary District		$46,000

FUND CONDITION	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58

DEPARTMENT OF WATER RESOURCES

EXPENDITURES FOR SPECIAL ACTIVITIES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58

WATER RESOURCES REVOLVING FUND

In this section are reported the fully reimbursable activities of the department conducted through the Water Resources Revolving Fund, Flood Control Project Maintenance Revolving Fund, and trust funds. In addition a large number of projects financed by specific appropriation are included within this grouping.

Because organizational units of the department are so integrated and interdependent as to make the form of presentation used in past years impracticable, it is proposed to continue this section of the budget as a means of reporting the transactions of the past and current years only.

Beginning with the 1956-57 Fiscal Year personnel and related expenses are included in the State Operations Section of the budget under the Department of Water Resources.

Expenditures of state funds are reported in the budgets of the agencies to which the appropriations are made.

SUMMARY BY PROJECT

EXPENDITURES FOR SPECIAL ACTIVITIES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58

STATE OFFICE BUILDINGS FINANCED BY LOANS FROM TREASURY FUNDS

CAPITAL OUTLAY EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58

OFFICE BUILDINGS, VARIOUS CITIES
(Loans From State Trust Funds)

The State Building Construction Act of 1955 provides that the State Public Works Board may issue revenue bonds or certificates to provide funds to acquire or construct state office buildings when authorized by a separate act or appropriation of the Legislature. The buildings so acquired or constructed are to be leased by state agencies at a rental rate that will retire the bonds or certificates and provide for the payment of interest.

The State Public Works Board has entered into an agreement with the Board of Administration of the State Employees' Retirement System whereby that agency will purchase certificates to finance the construction of the 6 office buildings authorized by Chapte 1687, Statutes of 1955.

It is proposed that a new state office building containing approximately 185,000 net square feet be erected in Sacramento. Legislatio will be introduced to authorize the State Public Works Board to issue revenue bonds or certificates in accordance with the State Building Construction Act of 1955. It is estimated that the cost of this building will amount to $6,126,600. The building wil be constructed on a site to be acquired from funds included in the Capital Outlay section of the Budget for the Department of Finance.

Due to increased costs and increased needs for office space, a deficit of $1,414,318 exists in the authorization for the Los Angeles building. Legislation will be proposed to increase the authorization accordingly.

Chapter 1687, Statutes of 1955, provides for the acquisition of sites at a cost of $750,000 and the construction of buildings at cost of $25,895,900 in 6 major cities. Appropriations have been made to acquire the sites provided in this statute and the authorization will not be used.

Preliminary plans for the office buildings in Fresno, Los Angeles, Oakland, and San Diego are in preparation. Working drawings fo the San Francisco office building are now in process. Planning for the buildings in Sacramento and San Jose await determination of the site locations.

CIVIL DEFENSE HEADQUARTERS BUILDING, SACRAMENTO
(School Land Fund)

Funds have been loaned for the construction of the Civil Defense Headquarters Building and the Highway Patrol Academy fro the School Land Fund under the provisions of Chapter 1597, Statutes of 1951. Under a contract between the Governor, Directo of Finance, and the Commissioner of the California Highway Patrol the costs of these facilities are to be repaid with interes at 2½ percent per annum by the respective agencies in 240 equal monthly installments.

OFFICE BUILDING, SACRAMENTO
(Department of Agriculture Building Fund)

The Department of Agriculture Building was authorized by Chapter 11, Statutes of 1950 (First Extraordinary Session). Moneys wer transferred from the Department of Agriculture Fund to the Department of Agriculture Building Fund on a loan basis to provid for construction of the building. Rentals will be paid into the Department of Agriculture Building Fund and returned to th Department of Agriculture Fund.

[a] Financed by loans from trust and other funds and not included in over-all budget totals.

STATE OFFICE BUILDINGS FINANCED BY LOANS FROM TREASURY FUNDS—Continued

OFFICE BUILDING, SACRAMENTO
(Unemployment Compensation Disability Fund)

Investment of money from the Disability Fund was authorized by Chapter 1603, Statutes of 1951, for the construction and equipment of a building or buildings and appurtenant facilities for the use of the Department of Employment as a central office in Sacramento. Expenditures will be repaid through rental payments by occupying agencies.

Investment of money from the Disability Fund was authorized by Chapter 1814, Statutes of 1955, for the acquisition and development of a parking lot adjacent to the new central office building. Expenditures will be repaid through charges to persons using the parking lot.

The 1957-58 expenditure is estimated for renovation of the building presently occupied by the Department of Veteran Affairs. After renovation it will be occupied by the Sacramento Area Office.

OFFICE BUILDING, LOS ANGELES
(Unemployment Compensation Disability Fund)

Investment of money from the Disability Fund was authorized by Chapter 16, Statutes of 1954 (First Extraordinary Session) for the acquisition of real property and the construction and equipment of a building or buildings and appurtenant facilities for the use of the Department of Employment as a branch office in Los Angeles. Expenditures will be repaid through rental payments by occupying agencies.

HIGHWAY PATROL OFFICE BUILDING, SACRAMENTO
(School Land Fund)

Pursuant to the authority contained in Chapter 11, Statutes of 1951, a loan was made available to the Department of California Highway Patrol from the School Land Fund for the construction of a new office building in Sacramento.

The loan is being repaid in a series of 240 monthly payments together with interest at the rate of $2\frac{1}{2}$ percent per annum on the unpaid balance. Provision for these payments is made in the support budget of the Department of California Highway Patrol.

---

[a] Financed by loans from trust and other funds and not included in over-all budget totals.

[b] An additional $75,000 for improvement of the lot is proposed in the Department of Employment Capital Outlay Budget.

STATE OFFICE BUILDINGS FINANCED BY LOANS FROM TREASURY FUNDS—Continued

DEPARTMENT OF MOTOR VEHICLE OFFICE BUILDING, SACRAMENTO

(School Land Fund)

Pursuant to the authority contained in Chapter 12, Statutes of 1951, a loan was made available to the Department of Motor Vehicles from the School Land Fund for the construction of a new office building in Sacramento.

The loan is being repaid in a series of 240 monthly payments together with interest at the rate of 2½ percent per annum on th unpaid balance. Provision for these payments is made in the support budget of the Department of Motor Vehicles.

BUSINESS AND PROFESSIONS BUILDING, SACRAMENTO

(Various Funds)

Constructed by advances from special funds and the General Fund in accordance with Sections 400 to 404 of the Business and Professions Code. For detail of repayment program see budget for Departmental Administration, Department of Professiona and Vocational Standards.

OFFICE BUILDING, SACRAMENTO

(Veterans Affairs Construction Fund)

This office building is under construction pursuant to the provisions of the Veterans Affairs Construction Fund Act of 1953, primarily for use of the Department of Veterans Affairs. This act creates the Veterans Affairs Construction Fund to be financed by th transfer of surplus moneys available in the Veterans Farm and Home Building Fund of 1943. The Veterans Affairs Constructio Fund finances the construction of the Veterans Building as well as the operations of the building after completion. Occupying agencies will pay rent to the Veterans Affairs Construction Fund sufficient to repay the amount of transferred surplus together with interest to the Veterans Farm and Home Building Fund of 1943. Completion of this building in March, 1957, is anticipated

An appropriation for the acquisition and improvement of a parking lot was included in the Budget Act of 1956, subject to the provisions of the Veterans Affairs Construction Fund Act. Parking lot site acquisition, grading, and improvement are schedule for completion in the 1956-57 Fiscal Year.

[a] As a utility fund operation, positions are related directly to the level of activity of the harbor and are established or abolished as work load varies.

Department of Public Works

TOLL BRIDGE CONSTRUCTION AND REVENUE FUNDS

FUND CONDITION	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58

Toll bridge construction funds consist of proceeds from sale of revenue bonds, the issuance of which is authorized by the Californi Toll Bridge Authority. At the present time all toll crossings are situated in the San Francisco Bay area.

The San Francisco-Oakland Bay Bridge:

While currently there are no outstanding bonds against the revenues on this structure, tolls are being continued to repay th State Highway Fund for maintenance and operation expense incurred in prior years and also to build up a reserve to assist i the financing of a future crossing pursuant to Chapter 1056, Statutes of 1953. In addition to the toll revenues on this bridge th residue of bond proceeds are being utilized for improvements and studies of future crossing in separate funds designated as th San Francisco-Oakland Bay Bridge Construction Fund and Southern Crossing Engineering Fund, respectively.

The Richmond-San Rafael Bridge:

The upper deck of this bridge was completed and opened to traffic September 1, 1956, and excess construction funds will be tran ferred to the fiscal agent for debt service requirements.

The Carquinez Strait Bridges:

The Toll Bridge Authority has authorized the construction of the parallel Carquinez Bridge and the Martinez-Benicia Bridg under a single resolution. Bonds, however, have been sold only for the Carquinez Bridge which is now under construction by th Division of Highways.

STATE COLLEGE HOUSING FACILITIES

LINE	EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58	CHANGE FROM 1956-57

During the fall of 1946 the Federal Public Housing Administration provided temporary housing facilities for veteran students Chico, Fresno, Humboldt, San Francisco, and San Jose State Colleges. These facilities were operated by the various colleges agreement with the FPHA from 1946 until October 31, 1948, at which time title to all facilities was transferred to the Sta by Public Law 796 of the Eightieth Congres, and their operations were financed through the General Fund support appropri tion of the individual colleges as an interim measure.

On August 1, 1949, Chapter 1485, Statutes of 1949, established the College Auxiliary Enterprise Fund, to which was transferred th excess of income over expenditures for prior operations. All rents, charges, and fees are paid into this fund and are appropriat therefrom to the Department of Education for maintenance, repairs, and operation of student housing facilities. Funds may als be expended for construction. The facilities provide housing for veterans or other students at established rates. The units avai able at each college are listed below (facilities at California State Polytechnic College are exempted from provisions of th above statute):

Chico State College	58 family dwelling units 66 dormitory units (140 individuals)
Fresno State College	52 family dwelling units 47 dormitory units (73 individuals)
Humboldt State College	30 family dwelling units 84 dormitory units (221 individuals)
San Francisco State College	73 family dwelling units 10 dormitory units (52 individuals)
San Jose State College	148 family dwelling units 26 trailer courts
Total	361 family dwelling units 207 dormitory units 26 trailer courts

COMPENSATION INSURANCE FUND

The California State Compensation Insurance Fund is a self-supporting enterprise created to offer insurance protection to employer at the lowest possible cost. This fund operates in competition with other insurance carriers, acting as a yardstick for th securing of fair premium rates for employers and fair treatment for injured employees.

The fund is required by law to use the same rates and classifications established by the State Insurance Commissioner for insurer generally, and provides that the rates shall be only those sufficient to carry out the specific purposes stated in law.

Department of Veterans Affairs

DIVISION OF FARM AND HOME PURCHASES

e California Veterans Farm and Home Purchase Plan, originally created by the Legislature in 1921, permits the State Department of Veterans Affairs to assist a qualified California veteran of any war to acquire suitable farm or home property. Funds for the purchase of property are obtained through state bond issues. The amount advanced by the State for purchase of a farm or home is repaid by the veteran, at a low rate of interest, through uniform monthly payments over a period of years. Title is acquired by the State at the time of purchase and is transferred to the veteran upon completion of his purchase contract.

Main Office at Sacramento

EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58	CHANGE FROM 1956-57

GENERAL ANALYSIS

Number of positions	*275.5*	*462*	*480*	*18*
Average Monthly Purchases:				
Number	771	1,155	1,740	585
Amount	$5,700,000	$12,500,000	$22,000,000	$9,500,000

The farm and home purchase program will be financed during the 1957-58 Fiscal Year through the $500,000,000 bond issue authorized by the Veterans' Bond Act of 1956 and approved at the general election in November, 1956. Amendments to the California Farm and Home Purchase Act, effective July 5, 1956, increased the amount the department may loan for a home to $15,000 and for a farm to $40,000, and removed all value limitations. This legislation also stipulates that the department will give preference to veteran applicants requesting lesser amounts. Effective December 1, 1956, and without additional cost to contract purchasers, the payment to claimants under the disability provisions of the home protection plan was increased to $70 per month.

In order to provide for the work load resulting from this new legislation and the funds made available by the Veterans' Bond Act of 1956, it was necessary to authorize 195 new positions and open 5 new district offices during the 1956-57 Fiscal Year.

RETIREMENT FUNDS

FUND CONDITION	ACTUAL 1955-56	ESTIMATED 1956-57	ESTIMATED 1957-58	

JUDGES' RETIREMENT FUND

Receives contributions from the State in the amount of 2½ percent of the salaries of justices of the Supreme Court and of the district courts of appeal, and judges of the superior courts and municipal courts. A like amount is deducted from the salaries of the justices and judges and deposited in the fund. There will be 438 members contributing to this retirement fund effective January 1, 1957.

Accumulated Resources, July 1:				
Cash in treasury	$33,748	$37,402	$65,255	
Investments at par value	1,622,500	1,793,000	1,960,500	
Totals	$1,656,248	$1,830,402	$2,025,755	
Receipts:

TEACHERS' RETIREMENT FUNDS

The State Teachers' Retirement System is composed of approximately 205,497 active accounts. Approximately 21,000 membe will receive retirement benefits during 1957-58. The present system became operative July 1, 1944.

3 major funds constitute the State Teachers' Retirement System. They are the Teachers' Permanent Fund, the Retirement Annui Fund, and the Annuity Deposit Fund.

The Teachers' Permanent Fund receives its revenue from members' contributions, contributions from the school district, interest fro invested reserves, and yearly appropriations by the State from the General Fund. Retirement benefits from the fund are current $600 per year to the person who is credited with 30 or more years of service, and who retires at age 60. A pro-rata amount that amount is paid for less than 30 years of service, and all benefits from this fund are discounted or improved actuarial if the member retires at an age less than 60 years or over.

The assets of the Teachers' Permanent Fund are divided between 2 reserves (the restricted reserve made up of an original appr priation by Chapter 13, Statutes of 1944, Fourth Extraordinary Session), plus accumulated interest, and the unrestricted r serve composed of contributions made by members, plus interest accumulated thereon, and including any surplus or deficit prior years' appropriations carried forward to the ensuing year.

The Retirement Annuity Fund receives its revenue from the members' contributions, interest from invested reserves, and yearly a propriations by the state from the General Fund. Under Chapter 1395, Statutes of 1955, school districts and employing sta agencies are required to pay contributions equal to 3 percent of the certificated pay roll to this fund. The retirement benefi from this fund are computed on the basis of the member's sex, total service, age at retirement, and the average salary earnab in the 3 highest consecutive years of earnings. Subventions are made to local retirement systems in lieu of State Teacher Retirement System benefits to local members on the basis of service credited by the local systems, and the amount of loc fund allowances.

The Annuity Deposit Fund consists of members' annuity deposits made between July 1, 1935, and July 1, 1944, together with th interest earned thereon. Chapter 1395, Statutes of 1956, has reopened this fund for additional member contributions. Lack information at the current date precludes the estimating of any future contributions to be derived under this provision. Mer bers who have contributed to this fund receive an annuity at the time of their retirement but the benefit is based solely on th value of the members' accumulated contributions.

DEPARTMENT OF EMPLOYMENT

The Department of Employment administers the state employment service and the unemployment insurance and disability insuran systems. The department also performs certain functions in connection with two other federal programs. One is the Vetera Readjustment Assistance Act of 1952 which provides for unemployment allowances to veterans of the Korean War. The oth is the Federal Employees Unemployment Compensation program under Title XV of the Social Security Act. These progra are administered by the United States Department of Labor.

The cost of administering the employment service, the unemployment insurance, the Veterans Readjustment Assistance Act an the Federal Unemployment Compensation program is financed almost entirely from federal funds. The cost of administerin the disability insurance program is paid from the Unemployment Compensation Disability Fund which is derived from contr butions by covered employees.

[a] Composed of savings in salaries and wages, $92,823; operating expenses and equipment, $39,989.

[b] Expenditures are included in the over-all State Operations Budget totals. Detail as shown here as expenditures is an integral part of the total employment program.

DEPARTMENT OF EMPLOYMENT—Continued

EXPENDITURES	ACTUAL 1955-56	ESTIMATED 1956-57	PROPOSED 1957-58	CHANGE FROM 1956-57
GENERAL ANALYSIS				
Number of positions	*4,090.4*	*4,238.8*	*4,370.1*	*131.3*

The Bureau of Employment Security of the United States Department of Labor allocates federal funds to the various states fo their employment service programs and unemployment insurance operations. The amounts so allocated are dependent upon th work loads of the individual state and the over-all amount appropriated by Congress for grants to all states. For fisca 1957-58 the number of positions requested for unemployment insurance operations is based on multiplication of estimate work loads by unit times required for performance of specific operations.

The disability insurance program provides benefit payments to covered employees who are out of work because of sickness or non industrial injuries. This program is financed from the Unemployment Compensation Disability Fund and the expenditures fo fiscal 1957-58 are based upon the estimated work load, principally expressed in the number of claims filed, and benefit payments

The amount proposed for support from the Department of Employment Contingent Fund is to provide for one-half of the cos of operation of the community employment program. This program involves work with local communities in the promotion an development of employment programs. The other half of the amount required for support of this program is paid from federa funds. An additional position is proposed.

ADVISORY COUNCIL

Analysis

The Governor's Advisory Council is composed of 7 nonsalaried members representing employers, labor, and the public. The council acts only in an advisory capacity for the purpose of discussing problems relating to the administration of unemployment and disability compensation laws and of making recommendations in regard thereto to the director.

DIVISION OF APPEALS

Unemployment Insurance Appeals Board

Analysis

The 3 members of the California Unemployment Insurance Appeals Board constitute the final administrative body, vested by law with the responsibility of reviewing and deciding appealed matters relating to disputed unemployment insurance and disability benefit determinations, and employer tax liability. The Appeals Board formulates its own administrative policy and through its secretary and chief referee (the 2 principal appeals and review officers), administers the affairs of the entire division including area offices of the Division of Appeals. The Appeals Board also hears appeals from rules and regulations proposed by the director.

Area Referee Offices

Analysis

The Division of Appeals has area referee offices in San Francisco, Sacramento, and Los Angeles. These 3 offices are under the supervision of 1 of the principal appeals and review officers and each office is supervised by a senior referee. In each area referee office there is a staff of referees who have the responsibility in the first instance of hearing and deciding appeals from determination relating to unemployment insurance benefits, disability benefits, overpayments and disputed employer tax liability matters.

General Administration

Analysis

The Division of Disability and Hospital Benefits, central office operations, develops plans, standards, and procedures for, and evaluates all disability insurance claim operations (including hospital confinement benefits); reviews state first claims for disability insurance to determine whether they meet minimum standards; reviews voluntary plan claim reports to determine whether they meet minimum standards; gathers and prepares data to be submitted with voluntary plan appeals; handles correspondence regarding state and voluntary plan inquiries on benefits; reviews state disqualifications and appeals; reviews voluntary disability insurance plans and makes recommendations for approval.

General administration expenditures for this division are shown under the office of the director.

* Calendar year unless otherwise indicated.

[a] Fiscal year from July 1 to June 30.

[b] Fiscal year from May 1 to April 30.

[c] Includes repayment of advances.

[d] Information not available. Not required to submit a budget to Department of Finance.

[e] Incomplete. See footnote [d].

Department of Finance—Fairs and Expositions Division

DISTRICT AND COUNTY AGRICULTURAL FAIRS AND CITRUS FRUIT FAIRS

GENERAL ANALYSIS

There are 79 fairs or expositions which are operated by state agencies or with financial assistance from the State. The fairs or expositions are authorized for the purpose of holding fairs, expositions and exhibitions of all the industries and industrial enterprises, resources, and products with a view of improving, exploiting, encouraging and stimulating the production.

The California State Fair and Exposition, a state institution within the Department of Finance, conducts the California State Fair in Sacramento. The Sixth District Agricultural Association maintains a permanent exhibit building in Los Angeles. 51 other district agricultural associations, which are state institutions, conduct district fairs; 24 counties conduct county fairs, and 2 nonprofit corporations conduct citrus fairs. All of the agencies conducting these fairs are required to submit budgets to the Department of Finance for approval except the Los Angeles County Fair and the 2 citrus fairs.

Budgets of the California State Fair and Exposition and the Sixth District Agricultural Association are not included in this section. The complete budget of these 2 agencies are included in the State Operations Section and the Capital Outlay Section of the budget. The budget for the California State Fair and Exposition will be found on pages 471 to 477 and on pages 1172 to 1173. The budget of the Sixth District Agricultural Association will be found on pages 478 to 480, and on pages 1172 to 1173.

The expenditure programs of 75 district and county agricultural fairs and 2 citrus fairs are included in this section of the budget. On the following pages are shown summaries of budgets for 51 district fairs, 24 county fairs, and 2 citrus fairs in California. Each budget contains a statement of revenues, expenditures, surplus, and a brief history and program of the fair.

The Department of Finance, through the Fairs and Expositions Division, supervises the operations of 74 of the 75 district and county fairs in California which receive financial assistance from the State. The Los Angeles County Fair and the 2 citrus fairs are not under supervision of the Fairs and Expositions Division.

All-year use of fairgrounds facilities has increased greatly over the past few years as buildings and grounds have been steadily improved. Interim uses include community gatherings, recreational activities, conventions, livestock sales, Four H and Future Farmers meetings, sports events, school sessions, farm labor camps, and relief headquarters in times of disaster.

Full-time managers are employed by both district and county fairs. Other permanent employees of district agricultural associations have civil service status.

In an effort to improve the fair program the Fairs and Expositions Division cooperates in the conduct of schools of instruction for fair managers and directors; sponsors an annual conference for training of judges who officiate at fairs; holds annual meetings with Future Farmer and Four H officials and with representatives of breed associations, and exhibitors' groups to revise rules and regulations and the master premium list which details amounts that can be paid for the many classes and types of exhibits.

These functions and activities are in addition to the fiscal and technical supervision by the Department of Finance over these 74 agencies.

The law does not restrict the area to be served by a district, county, or citrus fair. Some of the fairs attract and encourage exhibitors from all over the State, while the exhibitors at other fairs are limited to the district or county in which the fair is conducted or to such district or county and contiguous areas.

In the majority of cases fair operations are accounted on a calendar year basis. The fairs operating on other than a calendar year are indicated in the detailed budgets.

District Agricultural Associations

Regional agricultural societies first received financial assistance from the State in 1861. After the adoption of the new Constitution of 1879, the regional agricultural societies were succeeded by district agricultural associations authorized by the Legislature of 1880 as state agencies. Section 80 of the Agricultural Code fixes the boundaries of 52 agricultural districts. There are 51 districts organized and holding fairs in addition to the Sixth District which maintains a permanent exhibit in Los Angeles.

Each of the district agricultural associations are state agencies administered by a board of 8 directors appointed by the Governor. The organization and operation of district agricultural associations are governed by Sections 80 to 93 of the Agricultural Code. District agricultural associations are subject to the laws and administrative regulations which apply to state agencies generally and to specific rules and regulations which apply only to district agricultural associations or to district and county fairs. District fairs are conducted under budgets approved by the Department of Finance and practically every action taken by an agricultural association requires departmental approval. The Audits Division of the Department of Finance audits the premium awards made at the fairs and makes postaudits as well.

Revenues received by the Sixth District Agricultural Association, Los Angeles, are deposited in a special fund in the State Treasury and this association operates out of this special fund under appropriation by the Legislature. This district does not receive an allocation under the provisions of Section 92 of the Agricultural Code.

The 1-A District Agricultural Association, San Francisco, receives 2 continuing appropriations from the State. An appropriation of $100.000 per year for support is provided in Section 19622 of the Business and Professions Code. An annual appropriation of $65,000 per year for the support of the Grand National Junior Livestock Exposition conducted by the 1-A District is provided by Section 19626.6. This district does not receive an allocation under the provisions of Section 92 of the Agricultural Code.

The remaining 50 district agricultural associations receive annual allocations on the basis of premiums paid at their respective fairs.

County Agricultural Fairs

The majority of the county fairs are conducted by nonprofit associations acting as agents of the respective boards of supervisors under the provisions of Government Code Section 25905 and receive allocations under the provisions of Section 92 of the Agricultural Code. In a few cases fairs are conducted directly by the county. County fairs, except Los Angeles County Fair, conduct their operations under budgets approved by the Department of Finance. The Audits Division of the Department of Finance audits the premium awards made at the fairs and makes postaudits as well.

The Los Angeles County Fair is conducted under the provisions of Section 25906 of the Government Code. The County of Los Angeles receives an annual appropriation of $125,000 for the support of the fair under the provisions of Section 19622 of the Business and Professions Code. The county does not receive an allocation under the provisions of Section 92 of the Agricultural Code.

The remaining 23 counties which receive funds for the encouragement of agricultural fairs receive allocations under the provisions of Section 92 of the Agricultural Code.

Department of Finance—Fairs and Expositions Division

DISTRICT AND COUNTY AGRICULTURAL FAIRS AND CITRUS FRUIT FAIRS—Continued

GENERAL ANALYSIS—Continued

Citrus Fruit Fairs

Citrus fruit fairs receive an allocation under the provisions of Section 19624(a) of the Business and Professions Code.

The National Orange Show, a nonprofit corporation, receives an annual allocation from the first $100,000 of the 5 percent of the fi balance of the Fair and Exposition Fund which is appropriated for the encouragement of citrus fairs. To date, the Natio Orange Show is the only citrus fair conducted in a county having a population in excess of 160,000 which has qualified un the definition of citrus fruit fairs as contained in Section 94 of the Agricultural Code. In any year in which the 5 percent the first balance is equal to or exceeds $100,000 the National Orange Show receives the full amount of $100,000.

The Cloverdale Citrus Fair, a nonprofit corporation, has qualified to receive an annual allocation of $15,000 each year. This ann allocation comes out of that portion of the 5 percent of the first balance of the Fair and Exposition Fund which exceeds $100, in any year.

Section 94.5 of the Agricultural Code provides that upon dissolution of a citrus fair all property of the fair or association af payment of outstanding debts shall escheat to the State. The citrus fairs do not receive allocations under the provisions Section 92 of the Agricultural Code.

Allocation of State Funds

Sections 19622, 19624, 19626(c), and 19626.6 of the Business and Professions Code provide that part of the revenue received fr pari-mutuel wagering on horse racing shall be used for the support and encouragement of and capital outlay at district and cou agricultural fairs and citrus fruit fairs. A statement showing the distribution of the Fair and Exposition Fund appears the Capital Outlay Section of the budget on page 1176.

Section 19622 makes annual appropriations to district and county agricultural fairs as follows:

Support of the Los Angeles County Fair	$125,000
Support of 1-A District Agricultural Association	100,000

Section 19624 provides that 5 percent of the balance remaining after deducting certain appropriations shall, subject to statut limitation, be paid to citrus fruit fairs. This section also provides that 40 percent of the balance shall, subject to statut limitations, be apportioned for encouragement of county and district agricultural fairs under the provisions of Section 92 the Agricultural Code.

Section 19626(c) makes the remaining balance of the Fair and Exposition Fund, after providing for the appropriations made in Business and Professions Code and other laws, available for capital outlay purposes at state, county, district and citrus fr fairs. These funds are allocated by the Director of Finance upon approval of the State Public Works Board.

Section 19626.6 provides an annual appropriation of $65,000 for support of the Grand National Junior Livestock Exposition, 1 District Agricultural Association.

Apportionments under the provisions of Section 92 of the Agricultural Code are forwarded to each fair in January of the year f lowing the fair on which such allocations are based. Consequently, they are not available for payment of obligations during calendar year in which they are earned. Provision is made for advances from state funds of amounts necessary to finance erations during the year, limited to the amount the fair will be entitled to in the subsequent apportionment. State fu operating balances of less than $65,000 at the end of the year will necessitate advances from future apportionments or ot means.

The funds allocated for the encouragement of district and county agricultural fairs under the provisions of Section 92 of the Ag cultural Code are allocated on the basis of premiums paid at the annual fairs conducted by the respective districts and count subject to 2 limitations. The amount of premiums paid by a fair which may be used as a basis of allocating funds to that fair limited under the provisions of Section 92 of the Agricultural Code. This limitation on each individual district or county creases each year that a fair is held. The maximum amount which may be allocated to any 1 fair in any 1 year is limited $65,000 under the provisions of Section 19624 of the Business and Professions Code.

The fairs which expect to receive allocations under the provisions of Section 92 of the Agricultural Code submit their propos premium lists for review by the Fairs and Exposition Division before the premium lists are printed. The proposed premi lists are reviewed to determine if they comply with the master premium list and to determine the suitability of the propos offerings for the individual fair.

Accounting Procedures

The accounting procedures prescribed for agricultural fairs have been revised to bring them into closer alignment with the gene state accounting procedures and provide information on operations that was considered necessary for proper review of f activities. The principal change in accounting treatment involved bringing capital expenditures into coordination with the gene state accounting procedure. Stated briefly, this consists of accounting deposits in the Architecture Revolving Fund as capi expenditures at the time of the deposit rather than upon completion report by the Division of Architecture. The latter meth was used by fairs in previous years. In addition there has been provided a "Capital Outlay Fund" in order to segregate th assets available for Capital Outlay or set aside for capital outlay expenditures in the future. This procedure is in line with t general state accounting procedures for segregation of capital outlay funds. Other amendments of accounting procedures w primarily reclassifications of expenditure accounts to provide more adequate information on operations.

Fairs Classification Committee

Under the provisions of Sections 92.6, 92.7, and 92.8 of the Agricultural Code, the Fairs Classification Committee was established a study committee to classify the 73 district agricultural association and county fairs which receive annual allocations under t provisions of Section 92 of the Agricultural Code. The committee is composed of 1 representative of the Department of Fina who is not an employee of the Fairs and Expositions Division, 1 representative of the Fairs and Expositions Division, member of the Senate, 1 member of the Assembly, and 1 elected representative of the fairs from each of the 7 areas set forth the act.

The committee is required to review available data and to classify the fairs after giving consideration to the following:

a. The type and class of agriculture, including livestock, industrial and natural resources exhibited and the amount of p miums paid in accordance with the approved premium list of such fair.
b. Whether the fair is regional in nature, offers a special feature for agriculture, livestock, or industry, or is a sectio fair limiting exhibits to the region in which the fair is held.
c. The ratio of attendance at the fair to the population of the area served by it.
d. The efficiency of management, including operational procedures, revenue from sources other than the State, quality exhibits, and community interest in such fair.
e. The extent and nature of interim utilization of fair property as promoted by the fair management.
f. The need of the fair for money from state sources.

The committee classified the fairs as regional, special feature, and sectional.

The data studied by the committee clearly indicated a wide variance in the size and scope of the fairs within each of the 3 classes.

The committee recommends that the 1956 classification be considered as a tentative classification and that further study be directed breaking down the 3 main classes into a suitable number of subgroups and the possible reclassification of borderline cases in al classes.

Department of Finance—Fairs and Expositions Division

DISTRICT AND COUNTY AGRICULTURAL FAIRS AND CITRUS FRUIT FAIRS—Continued

GENERAL ANALYSIS—Continued

Fairs Classification Committee—Continued

The committee designated the following geographical areas in the consideration of regional fairs:

1. Northern Region
2. San Francisco and Central Coast Region
3. San Joaquin Region
4. Southern Region

The regional fairs were designated on the basis of size, efficiency and scope of operations, and potential growth, from the fairs conducted in the respective regions.

The Southern California Exposition and San Diego County Fair conducted by the 22d District Agricultural Association at Del Mar was selected from 14 fairs as a regional fair in the southern region.

The Fresno District Fair conducted by the 21st District Agricultural Association at Fresno was selected from 14 fairs as a regional fair in the San Joaquin region.

The Santa Clara County Fair conducted by the County of Santa Clara at San Jose was selected from 18 fairs as a regional fair in the San Francisco and Central Coast region.

The selection of a regional fair from the 27 district and county fairs in the northern region was deferred as there was no fair sufficiently outstanding on the basis of the data available and the standards established by the committee.

The committee classified the following 10 fairs as special feature fairs on their predominant exhibits:

1. The California Garden Show conducted by the 1st District Agricultural Association at Oakland features flowers and gardens.
2. The Santa Barbara National Horse Show conducted by the 19th District Agricultural Association at Santa Barbara features a horse show and light horses.
3. The Great Western Livestock Show conducted by the 48th District Agricultural Association at Los Angeles features livestock.
4. The San Mateo County Fair and Floral Fiesta conducted by the County of San Mateo at San Mateo features flowers and gardens.
5. The San Francisco Flower Show conducted by the City and County of San Francisco at San Francisco features flowers.
6. The Lodi Grape Festival and National Wine Show conducted by the County of San Joaquin at Lodi features grapes and wines.
7. The Merced County Spring Fair and Livestock Show conducted by the County of Merced at Los Banos features livestock.
8. The San Benito County Saddle Horse Show, Rodeo and Fair conducted by the County of San Benito at Hollister features a horse show and light horses.
9. The Lassen County Fair and Livestock Show conducted by the County of Lassen at Susanville features livestock.
10. The Marin Art and Garden Fair conducted by the County of Marin at Ross features flowers, art and gardens.

The remaining 60 fairs were classified as sectional fairs.

Department of Finance—Fairs and Expositions Division

1st DISTRICT AGRICULTURAL ASSOCIATION

(Conducting the California Garden Show at Oakland)

GENERAL ANALYSIS

Present activities of this association date from 1937. Annual flower shows have been conducted under the sponsorship of the distr association by the California Spring Garden Show, Inc., in recent years, in the Oakland Civic Auditorium and adjacent groun The contract between the association and the California Spring Garden Show, Inc., has generally provided for the association reimburse the California show corporation a fixed amount in addition to premiums awarded at the show. Detailed below operations as disclosed by the records of the garden show corporation and the records of the association. The 1956 show held September 21st to September 30th. The 1957 show is to be conducted directly by the 1st District.

The fiscal year of this association has been changed from July 1st to June 30th to a calendar year basis effective January 1, 1957. T expenditure program for the 18-month period from July 1, 1955, to December 31, 1956, was used to effect this change.

	Grand National Show	Junior Show	Total	Grand National Show	Junior Show	Total	Grand National Show	Junior Show	Total
GENERAL ANALYSIS									
The 1-A District Agricultural Association was organized in 1931, and conducts two livestock shows each year at the Cow Palace, located on the boundary of San Francisco and San Mateo Counties. The Grand National Livestock Exposition featuring livestock, a horse show and a rodeo, is conducted in the fall and the Grand National Junior Livestock Exposition for junior exhibitors is conducted in the spring. The Cow Palace is used and is well suited for larger interim event rentals. The outstanding rental in 1956 was for the Republican National Convention.

[a] An allocation in the amount of $125,000 was advanced to the association for the purpose of repairs and replacements. This advance is being repaid to the Fair and Exposition Fund from revenues at the rate of $30,000 for 1954 and $10,000 a year thereafter and has been segregated from amounts available for operations as shown above.

Department of Finance—Fairs and Expositions Division

2d DISTRICT AGRICULTURAL ASSOCIATION

(Conducting the San Joaquin County Fair at Stockton)

FUND CONDITION	ACTUAL CALENDAR YEAR OF 1955			ESTIMATED CALENDAR YEAR OF 1956			PROPOSED CALENDAR YEAR OF 195		
	San Joaquin County Fair Assn. Fund	District and State Funds	Total	District Fund	State Fund	Total	District Fund	State Fund	Tota
GENERAL ANALYSIS									

The association was formed in 1922 and has sponsored the San Joaquin County Fair since 1936. Prior to that time, the history of th fair is traceable back to 1860. Until 1956 the annual fairs were conducted by the San Joaquin County Fair Association as age for the 2d District under contract. This procedure was abandoned after the 1955 fair and the 1956 fair was conducted und direct administration of the district. The fairgrounds site consists of 189 acres located in the City of Stockton. The County San Joaquin gift deeded approximately 70 acres of this to the State and an extensive grounds improvement and constructi program is under way. The 1956 fair was conducted from August 17th to August 26th. The 1957 fair dates are August 16th August 25th.

10th DISTRICT AGRICULTURAL ASSOCIATION

(Conducting the Siskiyou County Fair at Yreka)

GENERAL ANALYSIS

The present association was organized in 1937 and conducts annual fairs on approximately 81 acres located 2 miles south of Yreka on property leased from Siskiyou County at an annual rental of $1. The lease expires in September, 2000. The 1956 fair was held from August 17th to August 19th and consisted of general livestock and other exhibits. 4,005 exhibits entered by 812 exhibitors were judged at the fair. The 1957 fair dates are August 16th to August 18th.

GENERAL ANALYSIS

The association was organized in 1934. Annual fairs are conducted on the association's property located in Yuba City. The cu tailed 1956 fair was held on July 28th and July 29th. Severe damage was sustained by the fairgrounds during the Decembe floods in 1955 in Yuba City. Funds for restoring the fairgrounds and buildings were allocated under the provisions of Sectio 19626(c) of the Business and Professions Code. The 1957 fair dates are July 24th to July 28th.

18th DISTRICT AGRICULTURAL ASSOCIATION

(Conducting the Eastern Sierra Tri-County Fair and Rodeo at Bishop)

GENERAL ANALYSIS

The present association dates from February 4, 1953. Fairs are now being conducted on property located on the outskirts of the City of Bishop. Approximately 38 acres leased on a 50-year basis from the Los Angeles Department of Water and Power with provision for payment of an amount equivalent to taxes as rental. The 1956 fair was conducted from August 31st to September 3d. 2,057 exhibits entered by 512 exhibitors were judged at the fair. Tentative dates for the 1957 fair are August 30th to September 7th. New barns and buildings have been constructed on the fairgrounds in the past year.

22d DISTRICT AGRICULTURAL ASSOCIATION

(Conducting the Southern California Exposition and San Diego County Fair at Del Mar)

FUND CONDITION	ACTUAL CALENDAR YEAR OF 1955			ESTIMATED CALENDAR YEAR OF 1956			PROPOSED CALENDAR YEAR OF 1957		
	District Fund	State Fund	Total	District Fund	State Fund	Total	District Fund	State Fund	Total

GENERAL ANALYSIS

The present activities of the 22d District Agricultural Association date from 1933. Annual shows are conducted on the association's fairgrounds located at Del Mar consisting of general livestock and other exhibits and a national horse show. In 1936 an agreement was entered into with the Del Mar Turf Club granting a franchise for the purpose of conducting racing meets on association grounds. Since that time, the Del Mar Turf Club has advanced money to the association for capital improvements on the grounds under an arrangement whereby annual payments are made to the Turf Club by deduction from the rental payment by the Turf Club. The rental is based on a percentage of pari-mutuel wagering during the race meets. Several amendments to this franchise agreement have been made over a period of years and additional advances have been made from time to time by the Del Mar Turf Club. In 1954 a subfranchise agreement was entered into between the Del Mar Turf Club and Operating Company, Incorporated, for the conducting of race meetings although the Del Mar Turf Club still remains the primary responsible party under the original lease. During 1954 and 1955 additional advances were made to the association for the purpose of financing capital improvements as explained above and as shown on the statements below. In presenting the data below, the long term liability payable from future revenues from the balances available for operation have been segregated. The 1956 fair was conducted from June 29th to July 8th. 12,710 exhibits entered by 2,636 exhibitors were judged at the fair. The 1957 fair dates are June 28th to July 7th.

GENERAL ANALYSIS

Present activities of the association date from 1948. Prior fairs were held by the Assistance League of Santa Ana under the sponsorship of Orange County. Annual fairs are conducted on the association's fairgrounds consisting of a portion of the Santa Ana Air Base located at Costa Mesa. The 1956 fair was conducted from August 10th to August 19th and consisted of general livestock and other exhibits. 5,536 exhibits entered by 1,542 exhibitors were judged at the fair. The 1957 fair dates are August 9th to August 18th.

33d DISTRICT AGRICULTURAL ASSOCIATION

(Conducting the San Benito County Fair at Hollister)

GENERAL ANALYSIS

Present activities of the association date from 1937. Annual fairs are conducted on the association's grounds known as Bolado Par located approximately 8 miles from the City of Hollister. San Benito County Fair is also conducted on these grounds. The 195 fair was held from September 28th to September 30th and consisted of general livestock and other exhibits. The rather large non fair revenues and expenditures as shown below are due to the fact that the association operates, on a year-around basis, swimming pool, picnic area, barbeque area, and other facilities. 3,441 exhibits entered by 726 exhibitors were judged at th 1956 fair.

35-A DISTRICT AGRICULTURAL ASSOCIATION

(Conducting the Mariposa County Fair at Mariposa)

GENERAL ANALYSIS

The association was organized in 1939. Annual fairs are conducted on the association's fairgrounds located approximately two miles from the City of Mariposa, partially owned by the association and partially under a 50-year lease. The 1956 fair was conducted from September 1st to September 3d. Three thousand three hundred nine exhibits entered by 530 exhibitors were judged at the fair. The 1957 fair dates are August 31st to September 2d.

GENERAL ANALYSIS									
The association was organized in 1921. No information on activities is available prior to 1930. Annual fairs are conducted on associ tion fairgrounds located in the City of Imperial and leased from the County of Imperial at an annual rental of $5. The leas expires in 1987. The 1956 fair was conducted from February 24th to March 5th. 5,468 exhibits entered by 1,457 exhibitor were judged at the fair. The 1957 fair dates are March 2d to March 10th. In view of the fact that fairs are held early in th year, the association has adopted a fiscal year ending June 30th for accounting purposes.

48th DISTRICT AGRICULTURAL ASSOCIATION

(Conducting the Great Western Livestock Show at Los Angeles)

GENERAL ANALYSIS

The association was organized in 1935, pursuant to legislative enactments approved in that year. Annual fairs are now held on th association's fairgrounds located in the Bandini section of East Los Angeles. Formerly, annual fairs were conducted for ma years at the Los Angeles Union Stockyards under a contract with the Great Western Livestock Exhibit Association. Sin moving to their new quarters in 1953 the association has conducted the show directly. Exhibits are confined to the livestock d partment with particular emphasis on market qualities. An important feature of the show is an annual livestock auction. T 1956 fair was held from November 23d to November 28th. The 1957 show dates are November 29th to December 4th.

LOS ANGELES COUNTY FAIR

(Conducting the Los Angeles County Fair at Pomona)

GENERAL ANALYSIS

The fair is conducted by the Los Angeles County Fair Association under an agreement with Los Angeles County under the provision of Government Code, Section 25906. The Los Angeles County Fair Association was incorporated as a nonprofit corporation in 1940 and succeeded to the Los Angeles County Fair, a nonprofit stock corporation, at that time. Los Angeles County receives allocations for conducting the fair under the provisions of Section 19622 of the Business and Professions Code and under its agreement with the Los Angeles County Fair Association reimburses the association for expenditures to the extent of the state appropriations. The Department of Finance does not have any jurisdiction over the activities of the fair other than annual audit examinations by the Audits Division of the department.

RIVERSIDE COUNTY FAIR

(Conducting the Riverside County Fair and National Date Festival at Indio)

GENERAL ANALYSIS

Sponsorship of the fair by Riverside County dates from 1938. Annual fairs are held on the county's fairgrounds located just outside the city limits of Indio by an advisory committee appointed by the board of supervisors. The particular feature of the fair has always been the date exhibits, but has included livestock and other general exhibits. The 1956 fair was conducted from February 16th to February 22d. 4,391 exhibits entered by 1,391 exhibitors were judged at the fair. The 1957 fair dates are February 16th to February 24th.

SAN BENITO COUNTY FAIR

(Conducting the San Benito County Saddle Horse Show and Fair at Hollister)

GENERAL ANALYSIS

The present activities of the fair date from 1937 although private shows were held prior to that date from 1927. Annual fairs ar held by the San Benito Saddle Horse Association under a contract with the county under the provisions of Government Cod Section 25905, at Bolado Park located about eight miles from the City of Hollister and owned by the 33d District Agricultur Association. The 1956 fair was conducted from June 22d to June 24th and, as in the past, featured light horse exhibits and horse show. The 1957 fair dates are June 21st to June 23d.

SAN MATEO COUNTY FAIR

(Conducting the San Mateo County Fair and Floral Fiesta Fair at San Mateo)

GENERAL ANALYSIS

Sponsorship of the fair by the County of San Mateo dates from 1929. Annual fairs are held on county fairgrounds located just north of Bay Meadows race track at Belmont, San Mateo County, by the San Mateo County Fair Association under a contract with the board of supervisors under the provisions of Section 25905, Government Code. In the past, annual fairs have featured floricultural and agricultural exhibits and some junior livestock exhibits. A particular feature has been a horse racing meeting conducted on Bay Meadows race track under a contract with the California Jockey Club. The 1956 fair was conducted from August 3d to August 11th. 2,929 exhibits entered by 997 exhibitors were judged at the fair. The 1957 fair dates are August 2d to August 10th.

SOLANO COUNTY FAIR

(Conducting the Solano County Fair at Vallejo)

GENERAL ANALYSIS

Activities of the fair date from January, 1946, although no allocations were received by the association under Section 92 of the Agricultural Code until 1950. Annual fairs are conducted on approximately 150 acres of land north of the City of Vallejo by the Solano County Fair Association under agreements with the board of supervisors under the provisions of Section 25905 of the Government Code. A particular feature of the fair in recent years has been a race meeting with pari-mutuel betting. The 1956 fair was held from July 6th to July 14th and consisted of general livestock and other exhibits. 5,627 exhibits entered by 805 exhibitors were judged at the fair. The 1957 fair dates are July 5th to July 14th.

SONOMA COUNTY FAIR

(Conducting the Sonoma County Fair at Santa Rosa)

GENERAL ANALYSIS

Present activities of the fair date from 1937. Annual fairs are held on the county's fairgrounds located in the City of Santa Rosa by the Sonoma County Fair Association, Inc., under an agreement with the board of supervisors under the provisions of Section 25905, Government Code. The 1956 fair was conducted from July 20th to July 28th and consisted of general livestock and other exhibits. 7,440 exhibits entered by 1,437 exhibitors were judged at the fair. The 1957 fair dates are July 19th to July 27th. Horse racing with pari-mutuel betting has been a major feature of the annual shows.

NATIONAL ORANGE SHOW

(Conducting the National Orange Show at San Bernardino)

GENERAL ANALYSIS

The National Orange Show was incorporated in 1922 and is a continuation of a nonprofit association with some modifications formed in 1910. It appears that the early history of citrus fairs in San Bernardino can be traced back to 1879. The association receives an allocation under the provisions of Section 19624 of the Business and Professions Code but does not come under the jurisdiction of the Government Code or other codes pertaining to state organizations, its actions being governed by the Corporation Code. The only jurisdiction the Department of Finance has of the activities of the association pertains to an annual audit to determine that the appropriations have been used for the general purposes provided by the statutes. Annual fairs are conducted by the association on grounds owned by the association and located in the City of San Bernardino. The 1956 show was held from March 8th to March 18th. The 1957 show dates are March 14th to March 24th.

CLOVERDALE CITRUS FAIR

(Conducting the Cloverdale Citrus Fair at Cloverdale)

GENERAL ANALYSIS

This fair receives an annual state allocation under Section 19624(a) of the Business and Professions Code, the first such allocation being made in 1945. The Cloverdale Citrus Fair was incorporated as a nonprofit organization in 1951, prior fairs havin been conducted by the Cloverdale Chamber of Commerce. Operations of the Cloverdale Citrus Fair do not come under th supervision of the Department of Finance other than through audit examinations conducted by the Audits Division of th department. No figures are presented covering the proposed activities for the fiscal year ending June 30, 1957, inasmuch as suc budgets do not come under the Department of Finance. Annual shows, featuring citrus displays, are conducted in the association's pavilion located in the City of Cloverdale. The 1956 show was held from February 24th to February 26th. The 195 show dates are February 21st to February 24th.
